DIRECTIONS FOR USE

FOR NYLON AQUACULTURE NETS ONLY

Solignum EX-84 Waterbase Preservative Net Coating is ready for use. It is intended for exterior use only. An anti-foulant, protects against fungal growth, algae and marine fouling organisms on above waterline and submerged Solignum EX-84 Waterbase Preservative Net Coating coated surfaces such as buoys, nylon fishnets and ropes.

1. The surface should be cleaned and dry before application.
2. Stir contents of container before each use.
3. Apply liberally by brush or dipping. Thoroughly cover cut ends and joints.
4. If apply by brush, use two coats.
5. Repeat applications on textiles such as nylon nets, cord, rope, if or when mildew appears.
6. If applied by dipping, allow article to remain in solution a minimum of 15 minutes.
7. Allow 6 - 8 hours drying time between coats.
8. Allow minimum 72 hours air drying before use.
9. Clean tools, protective gloves and clothing with water when finished.
10. Do not apply at or below freezing temperatures.

COVERAGE: Estimated for this product depending on application.

PRECAUTIONS

DO NOT get in eyes, on skin, or on clothing. Use an air-led respirator with a full face mask during handling and applying. Wear chemical resistant gloves and footwear, and chemical resistant clothing with head covering at all times during handling and applying.

DO NOT take internally.

- KEEP OUT OF REACH OF CHILDREN
- Handle with care and mix only in a closed container.
- Use only in well ventilated area.
- When using do not eat, drink or smoke.
- Take a shower immediately after work.
- Wear freshly laundered clothes daily.
- Wash hands and face before eating, drinking or smoking and using the toilet.
- Store and wash all protective clothing separately from household laundry.
- Wash protective clothing in detergent and hot water before reuse.

ENVIRONMENTAL HAZARDS

This product contains a petroleum distillate which is moderately to highly toxic to aquatic organisms. Avoid contamination of aquatic systems during application. Do not contaminate these systems through direct application, disposal of waste or cleaning equipment. Do not allow chips or dust generated during paint removal to enter water.

PHYSICAL OR CHEMICAL HAZARDS: Not combustible (Waterbase)

FIRST AID

If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Contains petroleum distillates. Do not induce vomiting.

STORAGE: Keep from freezing.

DISPOSAL

Follow provincial instructions for any required cleaning of the container prior to its disposal.

Make the empty container unsuitable for further use.

Dispose of the container in accordance with provincial requirements.

For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.
