DIRECTIONS FOR USE:

DANTOGARD XL-1000 preserves and aids in the control of the growth of bacteria and fungi in liquid detergents, soft soaps, room deodorizers, and air fresheners, water-based surfactants, polymer emulsions, protective and decorative coatings, water-based gels for household and industrial products, textiles, water-based adhesives, latex for paper coatings, and water-based inks. DO NOT use this product in the production of paper coatings that will come in contact with food

DANTOGARD XL-1000 should be added to the formulation to be preserved at a rate of 1.0 to 10.0 kg per 1,000 or 0.1% to 1.0% or 1,000 to 10,000 ppm based upon the total weight of the product to be preserved. This registration is granted under the Pest Control Products Act and does not exempt the user from any other legislative requirements.

Use of this product and management of any resulting discharge or release of effluents containing this product must also be in accordance with the Fisheries Act and with any other applicable federal or provincial legislation.

Consult with provincial regulatory authorities on any authorizations or other requirements for use of this product and management of any resulting discharge or release of effluents containing this product

PRECAUTIONS :

KEEP OUT OF REACH OF CHILDREN. WARNING: CAUSES EYE AND SKIN IRRITATION. MAY BE HARMFUL IF SWALLOWED. Avoid contact with skin, eyes, or clothing.. Wear a long-sleeved shirt, long pants, chemical-resistant gloves, socks and shoes when handling the concentrated product or treated process fluids and during clean-up and repair. Remove and wash contaminated clothing before re-use. In addition, wear a NIOSH-approved N95 (minimum) filtering facepiece respirator (dust mask) that is properly fit tested when handling the concentrated powder . Formaldehyde can be released during use of this product. Ensure that formaldehyde air concentrations in the workplace do not exceed the exposure levels established by occupational health and safety authorities in your jurisdiction (e.g. engineering controls, monitoring). If values exceed this level, wear NIOSH-approved respiratory protection. This product is toxic to fish and aquatic invertebrates..

FIRST - AID:

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Products Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL:

1. Triple or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offense under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.
