LATER'S ORIGINS COMPLETE INSECT CONTROL CONCENTRATE

DIRECTIONS FOR USE: Later's Origins COMPLETE Insect Control Concentrate kills insects on flowers, vegetables, fruit and houseplants. Spray to contact insect eggs, larvae, nymphs and adults. Controls Aphids, Whiteflies, Flea Beetles, Caterpillars, Mealybugs, Thrips, Scale Insects and Spider Mites. Use on houseplants and flowering plants, such as Roses and Fuchsia, Ornamental Trees and Shrubs, Herbs, Fruit Trees and Vegetables such as celery, tomatoes, peppers, peas, lettuce, potatoes, cucumber and related vine products, radishes, onions, asparagus, beans, squash, cabbage and related plants.

1 teaspoon = 5 mL 1 tablespoon = 15 mL

HOW TO USE: SHAKE WELL BEFORE USING. Mix 20 mL with 1 L of water. Frequently shake dilution while spraying. Spray both upper and lower leaf surfaces and stems of plants where insects are found. Use a fine mist and spray to wet the plants but not to run-off. Repeat in 1 to 2 weeks as required. This product may be used up to 1 day before harvest. Wash crops before consuming. Test sensitive plants (e.g. Ferns) by first applying this spray to a small portion of the plant and wait a few days to see if any damage occurs. The blue sheen of evergreens such as Blue Spruce may be affected by this spray.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. May cause eye and skin irritation and may aggravate pre-existing skin conditions. Avoid contact with eyes, skin and clothing. Use only in well ventilated areas.

ENVIRONMENTAL HAZARDS: Do not apply to ponds, lakes and streams.

FIRST AID:

IF SWALLOWED, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

IF IN EYES, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF ON SKIN OR CLOTHING, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

STORAGE: Keep product in its original container in a cool, dry place away from feed and foodstuffs.

DISPOSAL: Do not re-use empty container. Rinse thoroughly and use rinse-water with regular spray. Wrap container and discard with household garbage.
