DIRECTIONS FOR USE

A level of 1.5% of this product based on total weight of plastic, will give excellent control against bacteria and mold organisms. This level is recommended for shower curtains, wall coverings and similar items. For certain vinyl items which may be subjected to extended outdoor weathering, a level of up to 2.5% of this product should be evaluated. Such items would include vinyl tarpaulins procured by military and naval agencies for protection of items subjected to extended outdoor storage.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN

Do not allow in direct contact with skin. Do not allow material to be splashed in eyes. Avoid contact with clothing. Harmful if swallowed. Do not reuse empty drums.

Arsenic can be released during the use of this product. It is recommended that this product must not be used in circumstances that would result in arsenic air concentrations in the workplace exceeding levels established by occupational health and safety authorities in your jurisdiction. If values exceed this level, it is recommended that NIOSH approved respiratory protection be worn.

Wear goggles or a face shield, chemical resistant gloves, long pants, a long-sleeve shirt, shoes and a chemical-resistant apron during mixing/loading, clean up, repair and other handling activities.

FIRST AID INSTRUCTIONS

If splashed on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If splashed in eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat Symptomatically.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product.

DISPOSAL

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.
