DIRECTIONS FOR USE

To be used only in the manufacture of insecticides which are registered under the *Pest Control Products Act*. This product is to be used with appropriate solvents and/or carriers, and in the case of pressurized products, propellents, to produce an insecticide product.

PRECAUTIONS: KEEP OUT OF THE REACH OF UNAUTHORIZED PERSONNEL. Harmful if swallowed or absorbed through the skin. Contains a petroleum distillate. Do not induce vomiting because of aspiration pneumonia hazard. Do not breathe vapours or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food and feedstuff. Do not use or store near heat or open flame. This product is toxic to fish. Do not apply directly to any body of water by cleaning of equipment or disposal of wastes. Mix well in drum before each use.

FIRST AID: In case of contact with eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Take the container label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: This product contains petroleum distillates. Vomiting may cause aspiration pneumonia. Treat symptomatically.

STORAGE: Keep in original container during storage. Store product in cool, dry, well-ventilated place away from seed, fertilizer, or other pesticides. Keep away from fire or open flame, or other source of heat.

DECONTAMINATION AND DISPOSAL: Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For additional details and cleanup of spills, contact the provincial regulatory agency or the manufacturer.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label.
