**GENERAL INFORMATION:**

NEU1161I RTU INSECTICIDE/MITICIDE will kill all stages of aphids, spider mites and whitefly; adult and nymph stages of thrips, flea beetles, mealybugs and scale insects; and spittle bugs, on the following plants: indoor ornamental houseplants; greenhouse and outdoor ornamental plants such as fuchsia and roses, and woody ornamental bushes and trees; greenhouse peppers; and pear trees, tomatoes, beans and herbs grown outdoors

**DIRECTIONS FOR USE:**

Shake well before using. To enhance effectiveness of this product, apply directly to the listed pests where possible. **DO NOT** exceed 55.6 mL (X trigger pulls [*product not currently marketed, so value for X unavailable; value for X to be provided prior to product being marketed*]) per square metre. Treatment must only be repeated after 10 days if pest problem persists or reoccurs.

**FOR USE ON INDOOR ORNAMENTAL HOUSEPLANTS, ON GREENHOUSE ORNAMENTAL PLANTS AND GREENHOUSE PEPPERS:**

To kill listed all stages of aphids, spider mites and whitefly; adult and nymph stages of thrips, mealybugs and scale insects: **DO NOT** apply to houseplants grown for food or feed (e.g., herbs). **DO NOT** use in commercial greenhouses. A fine mist is recommended to provide thorough coverage of all foliage, including upper and lower leaf surfaces, as well as stems where needed. **DO NOT** wet plants to the point of runoff or drip. The product may be applied to greenhouse peppers up to the day before harvest. Wash peppers before consuming. If concerned about sensitivity of unlisted plants (e.g., delicate ferns), test spray a portion of the plant a few days before spraying larger areas.

**FOR OUTDOOR USE ON PEAR TREES, TOMATOES, BEANS, HERBS AND OUTDOOR ORNAMENTAL PLANTS:**

To kill all stages of aphids, spider mites and whitefly; spittle bugs; adult and nymph stages of thrips, flea beetles, mealybugs and scale insects: A fine mist is recommended to provide thorough coverage of all foliage, including upper and lower leaf surfaces, as well as stems where needed. **DO NOT** wet plants to the point of runoff or drip. The product may be applied to pear trees, tomatoes, beans and herbs up to the day before harvest. Wash listed produce before consuming. If concerned about sensitivity of unlisted plants (e.g., delicate ferns), test spray a portion of the plant a few days before spraying larger areas. NEU1161I RTU INSECTICIDE/MITICIDE may remove the glaucous (blue) bloom on evergreens such as blue spruce.

**USE LIMITATIONS:**

- **DO NOT** apply using stationary or handheld fogging or misting equipment.
- **DO NOT** apply as a space spray.
- **DO NOT** apply to any body of water.
- **DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

- Avoid application of this product when winds are gusty.

**PRECAUTIONS:**

**KEEP OUT OF REACH OF CHILDREN.** May irritate skin and cause skin sensitization responses. Product may cause eye irritation and may aggravate pre-existing skin conditions. Flush affected area with plenty of water. Get medical attention if irritation persists. Avoid contact with eyes, skin and clothing. Use only in well ventilated areas.

**ENVIRONMENTAL PRECAUTIONS:**

Toxic to aquatic organisms.

Toxic to bees. Avoid application around blooming plants. If applications must be made during the blooming period, restrict applications to evening when most bees are not foraging.

Toxic to beneficial arthropods (which may include predatory and parasitic insects, spiders, and mites). Minimize exposure to non-target areas.

**TOXICOLOGICAL INFORMATION:**

Treat symptomatically. Skin exposure may cause transient sensations (tingling, burning, itching, numbness). Other symptoms of exposure could include respiratory effects (such as cough, respiratory irritation, or shortness of breath), nausea, headache or dizziness.

**FIRST AID:**

**If in eyes,** hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**If on skin or clothing,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

**If swallowed,** call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**If inhaled,** move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**STORAGE:**

Store this product away from food or feed.

**DISPOSAL:**

DO NOT reuse empty container. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

**NOTICE TO USER:**

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.

**OPTIONAL STATEMENTS:**

- Contains Canola OIL
- Shake Well Before Using
