Safer's Trounce Patio and Walkway Insecticide is a fast-acting, short-lived product that kills ants and earwigs on the exterior surfaces and in cracks and crevices of patios and walkways.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.

FIRST AID: IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. **DO NOT** induce vomiting unless told to do so by a poison control centre or doctor. **DO NOT** give any liquid to the person. **DO NOT** give anything by mouth to an unconscious person. **IF ON SKIN/CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: This product contains petroleum distillates. Vomiting may cause aspiration pneumonia. Treat symptomatically.

DIRECTIONS FOR USE: SHAKE WELL BEFORE USE. Spray insects to wet when they appear. Hold container upright when spraying. Apply to localized areas of patios and walkways and into all cracks and crevices in the area where ants and earwigs are found. For ants, also spray trails and nests. Insects must be sprayed to be killed. To enhance effectiveness of this product, apply directly to the listed pests where possible. **DO NOT** exceed 59.5 mL per m². Treatment must only be repeated after 7 days if pest problem persists or reoccurs.

How to Apply

DO NOT APPLY AS A SPACE SPRAY, PERIMETER OR BROADCAST TREATMENT.

Apply as an outdoor crack and crevice or spot treatment only. Crack and crevice is an application directly into narrow openings on the surface of the structure. It does not include the treatment of exposed surfaces. Narrow openings typically occur at expansion joints and utility entry points. Spot application is localized to a surface area not more than 0.2 m². Spots are not to be adjoining and the combined area of spots is not to exceed 10% of the total surface area treated.

FOR OUTDOOR USE ON PATIOS AND WALKWAYS

Use Limitations:

DO NOT use inside buildings.

DO NOT apply when people or pets are present.

DO NOT allow people or pets to enter treated areas until sprays have dried.

DO NOT apply to surfaces that may come into contact with food/feed. Cover or remove all food/feed. Cover all food/feed processing surfaces, equipment and utensils or thoroughly wash them following treatment. Any food/feed accidentally contaminated with spray solution must be discarded.

2023-2640
2024-03-04

DO NOT apply to overhead areas or in confined spaces (e.g., eaves, soffits).

DO NOT allow spray to drip or allow drift onto non-target surfaces.

This product is only for use on patios and walkways. **DO NOT** treat soil, turf or other plants adjacent to the treatment site.

DO NOT apply to any body of water.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

Avoid application of this product when winds are gusty.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Product can cause skin and eye irritation. Avoid contact with skin and eyes.

DO NOT apply when people or pets are present.

DO NOT apply to surfaces that may come into contact with food/feed.

DO NOT allow people or pets to enter treated areas until sprays have dried.

DO NOT apply using stationary handheld fogging or misting equipment.

DO NOT apply as a space spray.

DO NOT apply when temperatures exceed 28° C .

This product is toxic to fish. **DO NOT** apply where runoff to any body of water may occur. **DO NOT** contaminate lakes, streams or ponds. **DO NOT** allow spray to contact vegetation in the treatment area when applying.

ENVIRONMENTAL PRECAUTIONS: Toxic to aquatic organisms. Toxic to bees. Avoid application around blooming plants. If applications must be made during the blooming period, restrict applications to evening when most bees are not foraging. Toxic to beneficial arthropods (which may include predatory and parasitic insects, spiders, and mites). Minimize exposure to non-target areas.

STORAGE: Store this product away from food or feed.

DISPOSAL: DO NOT reuse the empty containers. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.
