2019-4943

2019-10-10

For use on lawn turf consisting of one or more of Kentucky bluegrass, perennial ryegrass, and fescue (tall fescue, chewings fescue, and/or creeping fescue) for control or suppression of broadleaf weeds.

**PESTS/SITES:**

Controls the following lawn weeds: Dandelion, English daisy, False dandelion, White clover, Black medic, Bull thistle, Canada thistle (<15 cm tall), Common chickweed, Creeping buttercup, Slender speedwell, Narrow-leaved plantain, Broad-leaved plantain (suppression only), Dove's foot geranium, Wild geranium, Lawn burweed, Moss, and Algae.

**USE AND STORAGE DIRECTIONS FOR THE QUICK CONNECT □ SPRAYER:**

*[ILLUSTRATIONS]*

1. Pull trigger sprayer from bottle.
2. Pull hose connector and coil from trigger sprayer handle.
3. Insert hose connector into [spout/knob/opening] on cap until it "clicks" in place.
4. [Flip up spout./Flip up spout until fully upright./Twist [spout/knob] to "ON"../Pull spout up.]
5. Adjust spray nozzle to deliver a stream for cracks and crevices or a wide spray for other areas.
6. Aim sprayer nozzle at weeds and spray to wet.
7. Storage: After use, [close spout on cap./flip spout down to the "flat" position to close./twist [spout/knob] to "OFF"../push spout down.] No need to disconnect trigger sprayer. Close nozzle on trigger sprayer. Snap trigger sprayer back into place on bottle.

**DIRECTIONS FOR USE**

**SHAKE WELL BEFORE USING.** Do not dilute. Spray weeds until foliage is thoroughly wetted, just to the point of run-off (200-400 ml/m<sup>2</sup>). Repeat treatment every three to four weeks if necessary, up to a maximum of 4 applications per area per year.

Visible signs of control may be seen within several hours after application. Susceptible weeds, moss or algae will turn brown or black. Occasionally a darkening of the grass leaf blades can occur after treatment; however the grass will recover within a few days to several weeks. May stain thatch (dead grass under lawn); this does not affect the health of the grass.

**Use Precautions:** Do not apply to drought stressed grass; ensure that the lawn is well watered prior to application. Do not apply when the daytime temperature will exceed 30°C. Do not apply to bentgrass. If unsure of grass sensitivity, test spray a small area of your lawn. Do not apply to newly seeded areas until four or more weeks after grass seedlings have emerged. Avoid spraying desirable plants. Any desirable plants or structures accidentally contacted should be rinsed immediately with water. To avoid staining, wait until treated area dries before re-entry. Do not apply if rainfall is expected within 3 hours of application. Do not irrigate within 3 hours of application. DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

[option text]

**[REUSE AND REFILL INSTRUCTIONS:**

Refill only with NEU1173H RTU REFILL, PCP# 31065

For refilling, remove the entire pumping mechanism and pour carefully and directly into empty container. In order to minimize the potential for splash and spillage, the use of a funnel is recommended when transferring solution from one container to another. No dilution or mixing is required. DO NOT add water. ]

**PRECAUTIONS:**

CAUTION: KEEP OUT OF REACH OF CHILDREN. Causes slight eye irritation. Avoid contact with skin, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, and chewing gum or chewing tobacco. Avoid hand-to-mouth contact. DO NOT get in eyes. Avoid breathing spray mist. Do not re-enter or allow re-entry into treated areas until the spray is dried. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

**FIRST AID:**

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control centre or doctor for treatment advice. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. If in eyes: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:**

Treat symptomatically.

**STORAGE:**

Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals. Store unused material, tightly closed, in original container only, away from open flame. Protect from freezing. To prevent contamination store this product away from food or feed.

**DISPOSAL:**

Wrap and dispose of empty container in household garbage. **[Only refill empty container with NEU1173H RTU REFILL, PCP# 31065.]** Do not reuse this container for any purpose or refill
