DIRECTIONS FOR USE:

Shake well before using. . [[Push/Squeeze] tabs,] [[twist/turn] cap to open.]] [[Squeeze,/ turn,/ press cap] [and turn/ while turning] [to open].] [[Peel/ Pull/ Tear/ off/ Remove] [tamper [resistant/ evident] band [on bottom of cap].] [[To measure the right amount [of product],] [use [the] [convenient] [easy-measure] cap [with] [measuring/ scale/ volume/ gradation[s]] [lines/ markings/ marks] [inside].]

DIRECTIONS FOR USE - WEEDS:

Mix 200 mL of FINALSAN Concentrate with 1 L water. Apply the mixed solution at 100-200 ml/m². For annual weeds, use at the lower rate. For perennial and more established weeds, use at higher rate.

Any standard hand-held or backpack sprayer can be used. Spray weed thoroughly, using a coarse nozzle setting to reduce drift. Thorough coverage is extremely important. For spot treatment of individual weeds, apply the mixed solution to the center of plant to the point of runoff. When spot treating individual weeds in lawns, avoid spraying surrounding grass (lawn), as injury will occur.

The best results are obtained with young, actively growing weeds, less than 12cm high. Finalsan Concentrate works best during warm and dry conditions. Application during cold weather may delay appearance of plant damage. If rain falls within 3 hours of treatment, an additional spray may be required. Plant damage will be visible from a few hours to 2 days after spraying. Repeat treatment every 2 to 3 weeks to control new weeds growing from seed and re-growth from bi-annual and perennial weeds. Avoid spraying desirable plants. Thoroughly clean equipment after use.

DIRECTIONS FOR USE - MOSS AND ALGAE:

Spray moss and algae thoroughly as complete coverage is extremely important.

Application Directions:

Use with [optional language: the Scotts Dial 'N Spray® Hose-End Sprayer or] any standard hand-held or backpack sprayer.

[optional language:

Scotts Dial 'N Spray® Hose-End Sprayer*:

-Set the dial on the applicator to 55 and follow label directions.]

Hand-held or backpack sprayers:

-Mix 55 mL of concentrate with 1L of water. Apply the mixed solution at 100-500 mL/m².

-Thoroughly clean equipment after use.

What to expect:

Plant damage will be visible from a few hours to 2 days after spraying.

One application may control moss for up to one year.

Repeat treatment if re-growth occurs.

Use Precautions:

Avoid spraying desirable plants.

Do not apply to moss or algae in lawns.

-Treated surfaces may be slippery when wet.

OPTIONAL STATEMENTS:

- Use with the Scotts® Dial 'N Spray® Hose-End Sprayer
- Herbicidal soap
- Moss Killer
- Kills moss and algae
- Eliminates unwanted vegetation quickly
- Won't stain bricks, concrete or asphalt
- Non-staining
- Kills within hours
- Fast acting
- Kills weeds, algae and moss
- Kills moss, algae, lichens and liverworts
- Kills grass and weeds
- Kills (moss) (weeds) quickly
- Weed, moss and algae killer
- On moss, algae, liverworts and lichens one application may last up to one year.
- FINALSAN Concentrate is a fast-acting weed, algae and moss killer.
- FINALSAN Concentrate does not stain concrete, pavement, stucco or wood.
- FINALSAN Concentrate is a non-selective herbicide that controls many common annual weeds.
- FINALSAN Concentrate suppresses the growth of some bi-annual and perennial weeds.
- FINALSAN Concentrate can be used in cultivated areas prior to planting grass, flowers and vegetables.
- Areas can be re-sown five days after treatment.
- FINALSAN Concentrate can be used on weeds, algae or moss growing on or around buildings, sidewalks, fences, trees, bark mulch, driveways, patios and gravel.
- FINALSAN Concentrate can be used at any time during the year.
- Best results are obtained with young, actively growing weeds, less than five inches in size.
- Avoid spraying during rainy weather.
- Best results are obtained in dry weather.
- Works in cool weather.
- Also works in cool weather.
- Non-selective herbicide
- Non-selective grass and weed killer
- Non-selective
- Treated surfaces may be slippery when wet
- Rainfast in 3 hours
- Leaves no harmful residue in the soil
- Treats xxx m²
- Patent pending
- Sold under a license of W. Neudorff GmbH KG
