Inc., 100 The East  
Mall # 12,  
Toronto, ON  
M8Z5X2

**DIRECTIONS FOR USE:**

Fill feeders or place product on the ground in the manner appropriate for the species of birds that you are trying to attract and feed. Replace seed when depleted by birds.

**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.**

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands before touching eyes or face and prior to using the washroom. Wash thoroughly with soap and water after handling. This product consists of bird seeds that have been treated to discourage feeding by tree squirrels. This product may be used in yards around homes and other buildings where seeds are placed in feeders or on the ground to attract and feed wild birds. Select a calm period when wind will not blow product into face.

**ENVIRONMENTAL HAZARDS:**

DO NOT apply to any body of water.

**STORAGE:** Store product in a secure container, in a dry place inaccessible to children and pets.

**DISPOSAL:** Do not reuse empty container. Dispose of empty container with household garbage.

**FIRST AID: IF IN THE EYES:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **IF ON THE SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. **IF INGESTED:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**Squirrel Proof Chili Treat Wild Bird Seed** is a unique and patented bird seed developed to prevent squirrels from feeding on it. Formulated using only the highest quality, food grade ingredients, it has been designed to attract a wide variety of birds to your feeder. **Squirrel Proof Chili Treat Wild Bird Seed** is a treated with a natural extract from chili peppers designed to discourage squirrels from eating wild bird seed.

**Using Squirrel Proof Chili Treat Wild Bird Seed to Control Squirrels:**

Squirrels have to taste **Squirrel Proof Chili Treat Wild Bird Seed** a few times in order to learn to avoid it. Since squirrels generally live together in groups, it can take several weeks for all of the squirrels in your backyard to taste and avoid **Squirrel Proof Chili Treat Wild Bird Seed**. Once they learn, however, you will begin to see more birds at your feeder.

If you are experiencing a major squirrel problem during initial use of **Squirrel Proof**

**Chili Treat Wild Bird Seed**, placing an alternative food source nearby will help to alter the squirrels' feeding patterns.

The irritating effects of chili peppers are temporary and will not cause any permanent harm.
