DIRECTIONS FOR USE:

To be used only in the manufacture of a rodenticide which is registered under the PEST CONTROL PRODUCTS ACT.

If swallowed: Obtain medical attention immediately. Consult a poison control centre for detailed information on treatment for strychnine poisoning. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If in eyes: Hold eye open and immediately flush with large amounts of water for 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Wash exposed area of skin with soap and water. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Central nervous system stimulant. Convulsions may occur within 5 to 10 minutes of ingestion. If the person is fully conscious and not convulsing a few moments after the ingestion, immediate ingestion of activated charcoal has been proven beneficial. Keep the patient in a warm, dark room with minimal sensory stimulation. Postpone gastric lavage until the patient is fully premedicated to control further convulsions or seizures. Artificial respiration may become necessary. Keep patient under continual observation until convulsions and reflex irritability have been suppressed and gastric lavage can be performed safely.

PRECAUTIONS: PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. This product should be stored away from children under lock and key. Do not apply this product in a way that will contact workers, other persons, pets or domestic animals. Wear chemical-resistant gloves, long pants and a long-sleeved shirt during mixing/loading, application, clean-up and other handling activities. Avoid contact with eyes, skin and clothing. Harmful if swallowed. May cause eye or skin irritation. Do not inhale vapors. Wash well after handling and before eating, drinking and smoking. Wash contaminated clothing with soap and hot water before reuse. Do not wear contaminated shoes. Do not contaminate irrigation water, lakes, streams or ponds by cleaning of equipment or disposal of wastes.

STORAGE: Keep in original container during storage. Store products in cool, dry, well ventilated place away from seed, feed, fertilizer, or other pesticides. Keep away from fire or open flame, or other source of heat.

DISPOSAL: Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For additional details and cleanup of spills, contact the Provincial Regulatory agency or the manufacturer.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offense under the Pest Control Products Act to use this control product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
