Later's Chickweed, Clover & Thistle Killer

DIRECTIONS FOR USE: Later's Chickweed, Clover & Thistle Killer is a concentrated weedkiller for lawns. When mixed with water it will control unsightly choking weeds including White Clover, Chickweed, Buttercup, Cornspurry, Plantain, Canada Thistle and Stitchwort. It will not harm lawn grass when used as directed. Apply anytime weeds are actively growing. Application made in spring and fall when the weeds are small and the temperature is low are the most effective. Safe to use on bent grass, red fescue and rye grasses. Do not apply to bent grass when temperature is above 23°C. Spray when air is calm to avoid spray drift. If lawn needs watering, water thoroughly before application. Spray entire lawn wetting weeds and lawn grasses. Do not water for 48 hours after application. Newly seeded lawns may be treated after they have been mowed at least 3 times. **DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. To reduce runoff from treated areas into aquatic habitats avoid application to areas with a moderate to steep slope, compacted soil, or clay. Avoid application when heavy rain is forecast. Contamination of aquatic areas as a result of runoff may be reduced by including a vegetative strip between the treated area and the edge of the water body.

5 mL = 1 teaspoon 1 m = approx. 1 step
15 mL = 1 tablespoon 50 m² = 10 m x 5 m

HOW TO USE:

SPRING APPLICATION: Mix 30 mL with 5 L of water and spray to cover 50 m².

FALL APPLICATION: Mix 45 mL with 5 L of water and spray to cover 50 m².

Maximum Application Frequency: For good lawn management, normally two applications per year per treatment site are adequate. This does not include spot treatments.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Keep children and pets away from treated areas, at least until spray has dried. Avoid contact with eyes, skin and clothing. Wear long-sleeved shirt, long pants, socks, shoes and chemical-resistant (e.g., rubber) gloves. Wash hands and clothing after use. Use a clean sprayer and wash out thoroughly after use.

ENVIRONMENTAL HAZARDS: Do not use this product for controlling weeds in flower or vegetable beds or around shrubs or ornamental plantings. Do not reseed for 3 - 4 weeks after use. Do not use treated grass clippings as a mulch around desirable plants. Avoid spray drift onto susceptible plants. Do not contaminate lakes, streams or ponds. Toxic to birds, small wild mammals, aquatic organisms and non-target terrestrial plants.

FIRST AID: If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. **If inhaled,** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. **If on skin or clothing,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If in eyes,** hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for

treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

STORAGE: Do not freeze. Keep product in original container. Store in a cool, dry place away from food, seeds, fertilizers, insecticides or fungicides.

DISPOSAL: Do not reuse empty container. Thoroughly rinse the container before discarding. Add rinse water to container and use with regular spray. Wrap container and discard in household garbage.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
