### **ByeBye Weed® Ready-To-Use Brush, Grass & Weed Killer**

**Superior Control Products Inc.**

#### **GENERAL PRODUCT INFORMATION**

**ByeBye Weed® Ready-to-Use Brush, Grass & Weed Killer** is a non-selective herbicide. It controls most annual and perennial grasses, including lawn grasses, broadleaf weeds such as chickweed, ragweed, knotweed, poison ivy, Canada thistle, milkweed, bindweed and most brush such as poplar, alder, maple and raspberry. (i.e. virtually anything that is green and growing). It is absorbed by the leaves and moves throughout the stem and roots to control the entire plant. Mature perennial weeds should be treated after seed heads, flowers or fruit appear. All plants are most easily controlled in the young, actively growing, seedling stage.

**ByeBye Weed Ready-to-Use Brush, Grass & Weed Killer** wilts and browns plants within 48 hours. Plants usually dry up within 7 to 14 days. ByeBye Weed Ready-to-Use Brush, Grass & Weed Killer has no soil activity and will not run off to affect nearby vegetation. To ensure that ByeBye Weed Ready-to-Use Brush, Grass & Weed Killer gets down to the roots, avoid tillage or disturbing the treated area for 7-10 days after treatment or as directed below. Make sure spray contacts only those plants that you want to kill as ByeBye Weed Ready-to-Use Brush, Grass & Weed Killer will damage or kill any desirable plants it contacts. Use a repeat application on any seedlings that re-grow from seeds.

#### **DIRECTIONS FOR USE**

Glyphosate is not to be applied using hand-wicking or hand-daubing methods.

**MIXING/COVERAGE:** Ensure uniform and complete spray coverage but not to the point of runoff.

1 L treats 20 m<sup>2</sup> (5 X 4 paces).

**Undesirable vegetation control around buildings, lawn trimming/edging, patio weed control, vacant lots, storage & recreational areas, driveways, hard to mow areas and other similar areas:** Apply to vigorously growing plants. Apply to annual weeds anytime after emergence. For perennial weeds apply after seed heads, flowers or berries appear.

**Around trees/shrubs/ornamentals:** Apply around base in a neat fashion. Avoid spray or drift contact with foliage, stems or green bark of desirable plants.

**Lawn/garden renovation:** For best results on lawns, skip one mowing prior to treatment. Allow at least 3 days after treatment before disturbing the soil and/or replanting.

**Brush control:** Apply after leaves are fully expanded. Treat trees and brush up to 1.5 m in height only; for taller trees and brush, cut back to 1.5 m or cut down and spray regrowth. Controls most brush such as poplar, alder, maple and raspberry.

**PRECAUTIONS:**

KEEP OUT OF REACH OF CHILDREN, CAUSES EYE IRRITATION. HARMFUL IF SWALLOWED. Avoid contact with eyes or prolonged contact with skin. Do not allow others such as children and pets on treated areas during application or to re-enter treated areas until spray has dried. Wash immediately after using this product. Do not contaminate foodstuffs, seed or feed by storage or disposal.

**PRECAUTIONS FOR USE:**

Avoid spray contact with desirable plants as any plant contacted may be killed. Do not spray in windy conditions. Do not spray to the point of run-off. Heavy rainfall immediately after application may wash the chemical off the foliage and repeat treatment may be required. Do not apply if rainfall is forecast for the time of application.

**FIRST AID:**

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Toxicological Information: Treat symptomatically.

DISPOSAL: Do not reuse empty container. Dispose of empty container with household garbage.
