SUREKILLER will kill cockroaches, ants and silverfish if used according to directions.

DIRECTIONS: Places powder freely in places where cockroaches, ants and silverfish are found, including behind or under washing machines, hot water pipes, kitchen sinks and garbage cans, in a thin film over surfaces and in cracks and crevices. Insects may take up to 10 days to die. Repeat as needed. Do not remove the powder until all the insects have disappeared. Close container tightly after using and store in a cool dry place.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND DOMESTIC ANIMALS. harmful if swallowed. Avoid breathing dust. Do not place in areas accessible to small children, do not use in food cupboard or in other areas where food, feed, utensils or beverages may be contaminated. Do not spill or dump powder on roots or valuable plants.

DISPOSAL: Do not reuse empty container. Wrap and dispose in household garbage.

FIRST AID: If swallowed, call a poison control centre or doctor

immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. If contact with skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically
