350 mL – 1 Litre

Nortek Inc.
4 Sulkara Court
Toronto, ON M4A 2G9
647-818-7466

DIRECTIONS FOR USE: BUG-AWAY is ready to use. Its special formula is nonstaining, and has no conspicuous odour. Water, not petroleum distillate is used as the diluent. **SHAKE WELL BEFORE USING.**

INDOOR PESTS: Spot treatment for the control of ants, cockroaches, fleas, brown and American dog ticks, spiders, silverfish and sowbugs. Apply to areas where these crawling pests may enter or hide such as along door sills and base boards, in cracks and crevices in walls and floors, behind and beneath sinks, and refrigerators, spot treatment only on carpets, animal bedding etc. Spot treatment for house flies. Spray around windows and doors where flies enter or alight. Do not use in food storage areas or on surfaces that may contact foods.

INDOOR PLANT PESTS: Controls aphids and whitefly. Safe to use on most plants. Spray surfaces of upper and lower leaves of plants until damp but not to the point of run-off. Repeat as necessary. Before treating delicate plants such as Coleus and African Violet spray 1 or 2 leaves. If no effect is noticed after 2 days it is safe to treat whole plant.

PRECAUTIONS: **KEEP OUT OF THE REACH OF CHILDREN.** Keep children and pets away from treated areas, at least until spray has dried. Do not use as a space spray. Avoid contamination of food, feed, cooking utensils or drinking water. Wash thoroughly before eating, drinking and smoking. Remove fish bowls and aquariums from the treated area.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not contaminate lakes, ponds, streams and domestic or irrigation water supplies. This product is very toxic to bees; avoid spraying when bees are foraging. Spray deposit should be dry before bees commence foraging in treated crop.

FIRST AID: If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **IF SWALLOWED,** call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically. This product contains petroleum distillate.

STORAGE: Keep product in original container. Store in a cool, dry place away from food.

DISPOSAL: Do not re-use empty container. Wrap empty container and dispose in household garbage.
