DIRECTIONS FOR USE

To be used only in the manufacture of insecticides registered under the Pest Control Products Act.

PRECAUTIONS

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL.

Potential Skin Sensitizer.

Fatal if swallowed. May be fatal if absorbed through skin or inhaled. **DO NOT** get on skin and **AVOID** contact with clothing. **DO NOT** inhale or breathe sprays.

May irritate eyes. **AVOID** contact with eyes. In case of exposure to skin or face or other sensitive areas, some individuals may feel tingling/numbness (paraesthesia).

Wear protective clothing and equipment when handling containers (cap, safety glasses, coveralls, PVC or nitrile rubber gloves, and work boots).

Operations with Lambda-Cy Technical Insecticide will require, in addition to above, PVC or nitrile rubber apron, faceshield, and rubber boots.

Wash gloves and boots thoroughly with soap and water before removal.

Wash contaminated clothing before reuse. Do not transfer contamination to clean areas.

ENVIRONMENTAL PRECAUTIONS

TOXIC to aquatic organisms.

DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters.

FIRST AID

IN CASE OF POISONING, contact a physician or a poison control centre **IMMEDIATELY**. Take the container label or product name and Pest Control Product Registration Number with you when seeking medical attention.

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control centre or doctor for further treatment advice.

Take the container label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Symptomatic and supportive therapy as indicated: no specific antidote is available.

Following ingestion, adsorbents such as activated charcoal may be of value. For larger quantities ingested, gastric lavage may be effective when performed within 4 hours of

2022-6344
2024-01-10

ingestion. Ingestion by humans may produce non-specific symptoms, e.g. nausea, vomiting, abdominal pain, diarrhea. Larger doses may cause disturbance of the nervous system with tremors, ataxia, weakness of limbs, convulsions, coma and death from respiratory depression. Lambda-Cy Technical Insecticide material is a mild skin and eye irritant, however, small traces on the skin may cause transient facial tingling/numbness (paraesthesia).

DISPOSAL AND DECONTAMINATION

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal and provincial regulations. For additional details and clean up of spills, contact the manufacturer and the provincial regulatory agency.

STORAGE

Store in sealed container in a secure, dry, ventilated area away from freezing, direct sunlight and sources of heat and ignition.

SPILL CLEANUP

During decontamination, operators must wear protective clothing as described in the PRECAUTIONS section above.

Small liquid spillages should be absorbed onto vermiculite, absorbent clay or other inert absorbent and disposed of as solid waste in accordance with provincial regulations.

Larger spills may be recovered by containment and pumping into drums.

The contaminated area may be washed down with cold water.

Washings must be prevented from entering surface-water drains (to avoid harmful effects to fish in local water courses).

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
