[BACK PANEL - ENGLISH]

CONTROLS OVER 50 VARIETIES OF BROADLEAF WEEDS

For use on hard surfaces such as walkways, patios and driveways. Killex controls: dandelions, plantains, chickweed, clover, bedstraw, black medick, English daisy, curled dock, heal-all, ground ivy (creeping Charlie), knotweed, ragweed, shepherd's-purse, plus over 35 other weeds.

Product Use Information: 1-800-668-5669

Web Site: www.scotts.ca

DIRECTIONS FOR USE:

Turn nozzle to desired position - FOAM or STREAM. FOAM marks treated weeds, allowing you to easily see where you've sprayed. STREAM provides coarse spray that does not foam. Squeeze trigger to operate.

STORAGE: Rotate nozzle to closed position. Store product in original container in a safe place. Keep from freezing.

- This product is only effective when applied to the leaves of actively growing weeds. This product will not prevent new weeds - apply only when weeds are present.
- DO NOT water within 24 hours after application. Rain within 6 hours reduces effectiveness.
- Spray acts within a few days and weeds gradually die.
- Some weeds may require up to 4 weeks for complete kill. Repeat in 3-4 weeks if necessary.
- This product is designed to target treatment of weedy areas on hard surfaces such as walkways, patios and driveways.
- DO NOT apply to any body of water.
- DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.
- DO NOT directly spray or allow the spray to drift onto ornamentals, flowers, shrubs, vegetable and fruit crops, or exposed tree roots, as this product may injure these desirable broadleaf terrestrial plants.
- This product may injure bentgrass.
- Avoid application of this product when winds are gusty.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Wash hands after use. Do not store near seeds, fertilizers, insecticides or fungicides. Keep from freezing.

Protective Clothing:

- Applicators must wear long-sleeved shirt, long pants, socks, shoes and chemical-resistant gloves.

Operator Use Precautions:

- Wash hands before eating, drinking, using tobacco or using the toilet.
- After treating, wash thoroughly.
- If pesticide penetrates clothing, remove immediately; then wash contaminated skin thoroughly and shower. Launder contaminated clothing separately before reuse.

Re-entry Interval:

- Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treated areas until spray has thoroughly dried.

ENVIRONMENTAL HAZARDS:

Toxic to aquatic organisms and non-target terrestrial plants.

Toxic to birds and small wild mammals.

FIRST AID:

If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If in eyes**, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If swallowed**, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

DISPOSAL:

DO NOT reuse empty container. Wrap and dispose of empty container with household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
