## **DIRECTIONS FOR USE**

For mildew prevention, use POWER STAT as directed.

For 2 week protection, add 32 ml per 100 kg of fabric (dry weight) For 3 week protection, add 120 ml per 100 kg of fabric (dry weight) For 4 week protection, add 140 ml per 100 kg of fabric (dry weight)

For bacterial control, use POWER STAT as directed.

At 65 ml per 100 kg of fabric (dry weight), POWER STAT imparts a residual self-sanitizing finish and residual bacteriostatic finish to the fabric.

At 140 ml per 100 kg of fabric (dry weight), POWER STAT sanitizes and imparts a residual self-sanitizing and residual bacteriostatic finish to the fabric.

Dilute the appropriate amount of POWER STAT in four to eight litres of water, then add to the wash in the final rinse, after souring. Water temperature should be at or above 25°C and the contact time should be at least 10 minutes. Treat fabrics as often and whenever conditions indicate it is necessary.

This product should not be used or compounded with any reducing or oxidizing agents (such as calcium hypochlorite, solid perchlorate or nitric acid) since such mixtures may be explosive. Do not use in conjunction with soap or any anionic wetting agent.

Under certain conditions, the use of protective creams may be advisable. Wash thoroughly after handling.

## **PRECAUTIONS**

### **KEEP OUT OF REACH OF CHILDREN**

Fatal if swallowed. Corrosive to eyes and skin. Do not get in eyes, on skin or clothing. Avoid contamination of food. When handling this concentrate wear goggles or a face shield, chemical-resistant gloves, long pants, a long-sleeved shirt, and shoes plus socks. Wear dust mist respirator if mist is generated.

### **FIRST-AID**

IF ON SKIN/CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control centre or doctor for further treatment advice

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

### **TOXICOLOGICAL INFORMATION**

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

## ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. The requirements of applicable laws should be determined before using the product.

## NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

## DISPOSAL

Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. Make the empty container unsuitable for further use. Dispose of the container in accordance with provincial requirements. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.
