**FIRST AID**

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**PRECAUTIONS****KEEP OUT OF REACH OF CHILDREN**

Fatal or poisonous if swallowed. May irritate skin. Avoid contact with skin. Causes eye irritation. DO NOT get in eyes. DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by disposal of wastes. Hazardous to humans and domestic animals. Wash hands before eating, drinking, chewing gum, using tobacco or using bathroom facilities.

Avoid contact of areas under foil wrapper with skin and eyes.

**STORAGE AND DISPOSAL**

Storage: Store in original container in a cool, dry area and out of reach of children until ready to use.

Disposal: DO NOT reuse spent lures. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated waste disposal sites.
