Mergal is a registered trademark of Troy Corporation

For industrial use to protect adhesives, latex and polymer emulsions, metalworking fluids, aqueous-based paints, and aqueous mineral slurries.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Corrosive to the eye. Causes skin irritation. Harmful if inhaled. Do not get in eyes, on skin or on clothing. Wear full face protection with cartridge respirator and chemical resistant gloves, apron, cap, long-sleeved shirt, long pants and boots when handling this product. Avoid contamination of food. Do not reuse container. Destroy when empty.

ENVIRONMENTAL HAZARDS: Toxic to aquatic organisms. DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters.

DIRECTIONS FOR USE/APPLICATION RATE: It is recommended that compatibility be checked in individual formulations. Trials are suggested in order to determine the most effective use level within the label rates of Mergal BIT20W. Amounts of Mergal BIT20W based on the total weight of product to treat:

Adhesives	0.015-0.25%
Latex/Polymer Emulsions	0.03-0.075%
Metalworking Fluids	0.015-0.25%
Aqueous Based Paints	0.03-0.25%
Aqueous Mineral Slurries	0.04-0.25%

For latex emulsions and aqueous-based paints Mergal BIT20W is to be used as an in-can preservative during storage and as a preservative during the manufacturing process.

As this product is not registered for the control of pests in aquatic systems, DO NOT use to control aquatic pests. DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

FIRST AID: IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing the eye. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible. Call a poison control centre or doctor for further treatment advice.

IF ON SKIN/CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

Storage: Protect from frost: If frozen, allow to thaw, stir well before use.

DISPOSAL:

1. Triple or pressure rinse the empty container thoroughly and add the rinsings to treatment site.
2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product, contact the provincial regulatory agency or the manufacturer. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of the product.
