## **PRECAUTIONS**

### **PREVENT ACCESS BY UNAUTHORIZED PERSONNEL**

CORROSIVE to the eye. DO NOT get in eyes. Potential skin sensitizer. Never handle material with bare hands. Use rubber gloves; do not use leather or cloth gloves. Avoid spilling on skin or clothing. Do not breathe dust. Wear a respirator and goggles while loading and mixing. When handling, wear goggles and clothing that completely covers arms and legs to minimize exposure. Change contaminated clothing daily and wash thoroughly before reuse. Wash hands, face and arms thoroughly after handling **CAPTAN TECHNICAL 1** and before drinking, eating or smoking. Shower after use or at the end of the work day. Wash clothing and gloves before reuse. Keep unprotected persons out of operating area. Do not contaminate food or feed. If an accident occurs, remove contaminated clothing and wash skin thoroughly with soap and water.

### **FIRST AID**

**If swallowed:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**For eye contact:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**For skin or clothing contact:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

## **TOXICOLOGICAL INFORMATION**

Treat symptomatically.

## **ENVIRONMENTAL PRECAUTIONS**

This product is toxic to fish. Keep out of lakes, streams and ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

## **DIRECTIONS FOR USE**

To be used only in manufacture of fungal-resistant paints and products which are registered under the *Pest Control Products Act*.

## **STORAGE**

Store in a cool, dry place. Protect from excessive heat. Keep this product in original container. Do not store or transport near food or feed.

## **SPILL HANDLING**

Make sure all personnel involved with spill are aware of the hazards associated with the material.

A small spill can be handled routinely considering the physical and hazardous properties of the product as well as the location of the spill.

Use adequate ventilation and wear an air-supplied respirator to prevent inhalation contact. Wear protective clothing and goggles to prevent skin and eye contact. Sweep up the powder, being careful not to create a dust. Place sweepings in an open drum. Cover the contaminated area with a common household granular detergent. Using a stiff brush, work the detergent into the spill material using sufficient water to form a slurry. Brush the slurry into cracks and crevices, and allow to stand for 2 to 3 minutes. Be careful to completely avoid skin or eye contact; do not splatter one's self or bystanders. Spread a suitable absorbent such as clay on the slurred liquid and shovel the absorbed material into an open drum. Repeat if necessary. Flush the area with water, while observing the proper environmental precautions. Seal drum and dispose of contaminated material in accordance with municipal or provincial recommendations.

## **DISPOSAL**

Canadian formulators of this technical should dispose of unwanted active and containers in accordance with municipal or provincial regulations. For additional details and clean-up of spills, contact the Provincial Regulatory Agency or the Manufacturer.

## **NOTICE TO USER**

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.
