DIRECTIONS: Place traps in house where ants are running and outside where ants enter dwelling. Place traps in areas not accessible to children and pets. For heavy infestations, place traps 1.5 to 3 m apart. Replace with new traps as needed. Ants enter traps and carry bait back to their nest; usually kills entire colony.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND DOMESTIC ANIMALS. HAZARDOUS IF SWALLOWED. Do not remove lid of container. Do not contaminate feed or foodstuffs.

FIRST AID: If swallowed, call a poison control centre or doctor IMMEDIATELY for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Products Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: Wrap used container in newspaper and discard with household garbage.
