DIRECTIONS FOR USE

To be used only in the manufacture of antimicrobial products registered under the PEST CONTROL PRODUCTS ACT. Registrants are responsible for their own registrations.

FIRST AID:

IF SWALLOWED: call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INHALED: move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

PRECAUTIONS

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Highly corrosive. Skin or eye contact will cause severe irritation and possibly burns. Inhalation of mists or fumes can cause severe irritation of the respiratory tract. Wear goggles or a face shield, chemical resistant gloves, long pants, a long-sleeved shirt, shoes, and socks when handling this product. Avoid contact with skin or eyes. Avoid inhaling fumes. Do not mix with acids because dangerous chlorine gas will be released. Do not use in products containing alcohols, ammonia, amines glycols, nitrates, esters, ketones, or other oxidizable compounds.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans, or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product.

TOXICOLOGICAL INFORMATION

Signs and symptoms of overexposure: breathing difficulty, respiratory track irritation, nausea, vomiting, skin, eye irritation, burns, or pulmonary edema.

STORAGE

Keep away from direct heat. Do not store near acids, ammonia or organic substances. Storage temperature should be between -10°C and 30°C. Venting of containers is advisable.

DISPOSAL

Canadian formulators of this technical should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
