**DIRECTIONS FOR USE:**

**FOR USE IN AND AROUND:** Homes, Apartments and Mobile Homes.

**ATTRACTS AND KILLS COMMON SWEET-EATING ANTS.**

**USING TERRO® ANT KILLER LIQUID ANT BAIT:**

TERRO® Ant Killer Liquid Ant Bait is an easy to use pre-filled ant bait. Ants will enter, feed and return to the nest where they will pass on the TERRO® Ant Killer Liquid Ant Bait to the rest of the colony.

- Pre-filled
- Ready to Use

1. Break pre-filled TERRO® Ant Killer Liquid Ant Bait apart from plastic frame.
2. Hold baits upright and [cut along dotted line at the top] or [cut off orange colored section] or [Hold firmly with one hand while breaking off the bait pack tab]
3. Place baits label side up near ant trails or close to where ants are numerous. Place additional TERRO® Ant Killer Liquid Ant Bait anywhere indoors or outdoors where ants may enter your home. Place bait stations 1.5 to 3 metres apart indoors, or 5 metres apart outdoors. For best results, ensure sufficient supply of bait for the ants.
4. Monitor regularly for activity but do not interfere with the ants or baits.
5. Replace with additional baits if ants continue to be a problem.

**CONTROLLING ANTS:** At first, ants will come to the bait in large numbers, but then will gradually disappear. TERRO® Ant Killer Liquid Ant Bait allows worker ants live long enough to carry the bait back to the colony. The entire colony is usually killed within 2 weeks. The key to obtaining control is to monitor the placements and ensure there is always a fresh supply of TERRO® Ant Killer Liquid Ant Bait at each placement.

**PRECAUTIONS:** KEEP OUT OF REACH OF CHILDREN. Avoid contamination of food, water and kitchen utensils. Wash after use. Apply/use only in areas inaccessible to children and pets.

**FIRST AID:** If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**DISPOSAL:** Do not reuse empty container. Wrap in newspaper and dispose of empty container in household garbage.
