CLEARAID SCP
COMMERCIAL MICROORGANISM CONTROL CHEMICAL

SOLUTION

CAUTION

POISON

READ THE LABEL BEFORE USING

REGISTRATION NO.: 30417 PEST CONTROL PRODUCTS ACT

KEEP OUT OF REACH OF CHILDREN

GUARANTEE:

Poly [oxyethylene(dimethyliminio)ethylene(dimethyliminio)ethylene dichloride]. 60.0%

NET CONTENTS:

Manufactured For:
ENVIRO TECH CHEMICAL SERVICES, INC.
500 Winmoore Way
Modesto, CA 95358 USA
209-581-9576

DIRECTIONS FOR USE:

Clearaid SCP is used to control the growth of algae in swimming pools, spas, hot tubs and decorative fountains. Clearaid SCP should never be added to potable water systems.

SWIMMING POOLS, SPAS, HOT TUBS AND DECORATIVE FOUNTAINS

DO NOT use in decorative fountains with fish.

For maximum effectiveness of Clearaid SCP in swimming pools with heavy growth of algae, clean pools prior to using Clearaid SCP. For pools having just visible algae growth, add an initial dose of 75 to 125 mL of Clearaid SCP per 10,000 L of water and remove settled algae debris 24 hours later by cleaning, brushing and vacuuming the pool and backwashing the filter. For treatment of a freshly cleaned and filled pools, add initially 50 to 75 mL of Clearaid SCP per

10,000 L of water. To maintain pools free of visible algae growth, subsequent additions of 15 to 30 mL of Clearaid SCP per 10,000 L of water should be made every 5-7 days after the initial treatment.

Uniform distribution of Clearaid SCP throughout the water in the pool is necessary for maximum effectiveness. Clearaid SCP is compatible with those chemicals normally used to treat pools and is effective at both acid and alkaline pH. Clearaid SCP can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix Clearaid SCP with concentrated dry or liquid chlorine products.

PRECAUTIONS

DANGER. KEEP OUT OF REACH OF CHILDREN

Do not mix with any other chemical. Harmful if swallowed. Avoid contact with skin, eyes, clothing and contamination of food. Wear chemical safety goggles, chemical-resistant gloves, a long-sleeved shirt and long pants during handling, clean-up and repair activities. In addition, a chemical-resistant apron is required for workers handling end-use products in industrial settings. Wash thoroughly after handling. Immediately remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Keep out of lakes, streams or ponds. Do not discharge effluent containing this product into sewer systems, lakes, streams, ponds or estuaries, oceans or other waters. Do not contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

FIRST AID

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water, if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration Preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IN CASE OF EMERGENCY ENDANGERING LIFE OR PROPERTY, CALL:

24 hr Emergency ChemTrec No.: 1-703-527-3887 Chemtrec International

STORAGE AND DISPOSAL

STORAGE:

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL. Keep container closed when not in use.

Do not stack more than four (4) drums high. Leaking or damaged drums should be placed in over-pack drums for disposal.

PESTICIDE DISPOSAL: For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

CONTAINER DISPOSAL:

RECYCLABLE CONTAINERS :

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
