NET CONTENTS: 375 mL - 3 L

**Secondary Display Panel:**

**DIRECTIONS FOR USE: SHAKE WELL BEFORE USING.**

Within the specified use location, to enhance effectiveness of this product, apply this product directly to the listed pest where possible. Good sanitary practices should be maintained to prevent re-infestation.

**Restrictions:**

DO NOT contaminate food/feed nor apply to surfaces that may come into contact with food/feed.

DO NOT apply to people, pets, livestock or sources of electricity.

DO NOT apply to furniture (excluding bookcases and storage furniture), mattresses, linens, toys or clothing.

DO NOT apply to overhead areas or in confined spaces (e.g. attics, crawlspaces, small storage rooms, closets).

Ventilate treated areas after application by opening windows and doors, or using fans where required to aid in the circulation of air.

DO NOT apply when people, pets or livestock are present nor allow people, pets or livestock to enter treated areas until sprays have dried.

DO NOT allow spray to drip or allow drift onto non-target surface.

DO NOT apply as a space spray or broadcast application.

**How to Apply:**

DO NOT APPLY AS A SPACE SPRAY OR BROADCAST APPLICATION.

Apply as a crack and crevice or spot treatment only.

Spot treatment is localized to surface area not more than 0.2 m<sup>2</sup>. Spots are not to be adjoining and the combined area of spots is not to exceed 10% of the total surface area of a room. Crack and crevice is an application directly into narrow openings on the surface of the structure. It does not include the treatment of exposed surfaces. Narrow openings typically occur at expansion joints, utility entry points and along baseboards and mouldings.

**Instructions for inside buildings:**

**To control bed bugs:** DO NOT apply to the mattress, headboard, footboard or furniture.

Apply to inside building surfaces including, cracks and crevices in the walls, floors and ceilings; along and behind baseboards and moldings; and localized areas of walls behind and floors beneath furniture (e.g., bed and nightstand). Take beds apart, spray all joints. To enhance effectiveness of this product, apply this product directly to bed bugs where possible. Treatment must only be repeated after 7 days if pest problem persists or reoccurs.

**To control cockroaches, sowbugs, ants, silverfish, earwigs and spiders:** Thoroughly treat inside building surfaces, including cracks, crevices in walls, floors and ceilings; along and behind baseboards; around water pipes and tanks; walls behind and floors beneath appliances (e.g., refrigerators and stoves) and furniture (e.g., shelves, drawers, cabinets and storage units); around sinks, drains and pipes; around garbage containers; around interior

foundations; localized area around garbage cans; localized areas of floors and floor coverings and points of entry (e.g., around windows and doors). For silverfish, also spray the cracks and crevices in bookcases. Remove all objects before treatment of bookcases where books, clothing, toys, towels and other items are stored. For ants, spray trails, nest and points of entry. Treatment must only be repeated after 7 days if pest problem persists or reoccurs.

**To control fleas, brown dog ticks:** DO NOT apply to furniture, mattresses, linens, toys or clothing. Spray infested areas such as pet's bed and resting quarters, nearby cracks and crevices in walls and floors, along and behind baseboards, window and door frames, and localized areas of floor and floor coverings. Pet bedding may be entirely treated with this product and replaced with clean, fresh bedding after other listed areas are treated. Treatment must only be repeated after 7 days if pest problem persists or reoccurs. DO NOT SPRAY PETS WITH THIS PRODUCT. NOT FOR USE ON HUMANS.

**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.** Do not place in hot water or near radiators, stoves or other sources of heat, or store at temperatures over 50°C (122 °F). Remove pets and birds and cover fish aquariums before surface applications. In homes or dwellings, remove or cover all exposed foods and cooking utensils before spraying. After use, wash all surfaces that may contact food. Avoid contact with skin, eyes and clothing. Avoid inhalation of spray. Wash after using. Keep from freezing.

**FIRST AID: IF SWALLOWED,** call a poison control centre or doctor immediately for treatment advice. Have person sip of glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control centre or doctor for treatment advice.

**IF INHALED,** move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Call a poison control centre or doctor for further treatment advice.

**IF IN EYES,** hold eye open and rinse slowly and gently with water for 15–20 minutes.

Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**DISPOSAL:** When container is empty, dispose in household garbage.
