Liquid Algaecide
Controls algae in swimming pool water
Effective winterizer
Contains a defoamer

{SIDE OR BACK PANEL}

Directions for Use:

READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

WHY SHOULD YOU USE THIS PRODUCT?

This product, when used regularly, will control the growth of green algae for complete pool enjoyment.

For best results, follow our 4 step pool care program.

Step 1: Test and adjust water balance.

Step 2: Sanitize.

Step 3: Shock at least once a week.

Step 4: Add algaecide following the use directions described below.

When used regularly, this product will control the growth of swimming pool algae. This product may be used in the same treatment program as most commonly used pool chemicals, but should not be mixed with any foreign material such as soap or other water treatment chemicals. This product works best when added in several places to the pool with the pump or circulation system running. Wait 15 minutes before entering the pool. Pools with heavy growth of algae should be cleaned prior to using this product.

SHAKE WELL BEFORE USE

- Initial dosage for pool water having no visible algae is 17 mL of HTH Super Algae Stop per 10,000 L of pool water.
- Weekly maintenance dosage is 8 mL HTH Super Algae Stop per 10,000 L of pool water.
- For pool water having visible algae, superchlorinate following label instructions of superchlorination product employed and wait at least 24 hours before adding weekly maintenance dosage.
- For visible algae, when superchlorination is not employed, add 33 mL HTH Super Algae Stop per 10,000 L of pool water.
- DO NOT apply when swimmers are in the immediate vicinity (a 15-minute restricted-entry interval is recommended).

DIRECTIONS FOR WINTER USE

1. Balance pool water:
 - Total alkalinity 120 ppm
 - pH 7.6 - 7.8
 - Calcium hardness 200 - 275 ppm
2. Superchlorinate following label instructions of superchlorination product employed and wait at least 24 hours before adding HTH Super Algae Stop.
3. Add HTH Super Algae Stop:
 - Covered pool: 67 mL per 10,000 L of pool water
 - Uncovered or mesh covered pools: add an initial dosage of 17 mL per 10,000 L of pool water and weekly dosage of 8 mL per 10,000 L of pool water until the water has frozen.

PRECAUTIONS: DANGER. KEEP OUT OF REACH OF CHILDREN. Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes skin or on clothing. Wear protective eyewear (goggles, face shield or safety glasses), rubber gloves and protective clothing when handling. Harmful if inhaled. Avoid breathing vapor or spray mist. Harmful if swallowed. Do not get into eyes, on skin or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash clothing before reuse.

FIRST AID:

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Products Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may contraindicate the use of gastric lavage.

IN CASE OF EMERGENCY CALL: 1-800-654-6911

DISPOSAL: Keep container closed and store in a cool, dry location. Rinse container thoroughly before discarding. Do not re-use empty container. Wrap and dispose of empty container with household garbage. For information on the disposal of unused, unwanted product contact the manufacturer or provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.
