DIRECTIONS FOR USE:

True Raw Choice Diatomaceous Earth is designed to take advantage of mineral deposits of diatoms which have been found useful in reducing flea populations in and around the private home or apartment. When applied directly, fleas are usually killed within 48 hours from cutting action. This odourless and non-staining powder can be used without fear of damage to pets, fish, birds or wildlife. Remains effective in the control of insects for as long as True Raw Choice Diatomaceous Earth is present.

FLEAS: Thoroughly dust sleeping quarters of pets and surrounding cracks, crevices, carpeting and baseboards. Repeat treatment as necessary.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid breathing dust. Do not use as a space spray. Avoid contact with eyes. Not for direct food contact.

FIRST AID: If in eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: Do not reuse empty container. Discard empty container in household garbage.
