## **PRECAUTIONS:**

### **PREVENT ACCESS BY UNAUTHORIZED PERSONNEL**

*Concentrate is harmful or fatal if swallowed or inhaled. Corrosive. Causes irreversible eye damage and severe skin burns. Potential skin sensitizer.*

*Do not get in eyes, on skin or on clothing.*

Wear full-face protection, coveralls, and chemical-resistant boots when handling the concentrate or dilute solution, when opening treating cylinder doors and during cleaning, maintenance and repair activities on storage vessels or treating cylinders. In addition, wear a cartridge respirator when handling the concentrate or the dilute solution if the area is not well ventilated, when opening treating cylinder doors and during cleaning, maintenance and repair activities on storage vessels or treating cylinders. Wear coveralls and gloves when handling freshly treated wood. Wash hands and face before eating, drinking, smoking and using the toilet. Change clothing daily. Wash contaminated clothing separately from household laundry.

### **FIRST AID:**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

**IF SWALLOWED:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take the container label or product name and Pest Control Product Registration Number with you when seeking medical attention.

### **TOXICOLOGICAL INFORMATION:**

Effects of acute exposure: **EYES:** Severe corrosive effect. **SKIN:** Severe irritation, inflammation. **INGESTION:** Nausea, abdominal pain, vomiting. May be fatal. Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed. Treat symptomatically.

**INHALATION:** Can cause severe irritation to the nose and throat; over-exposure can be fatal.

**DIRECTIONS FOR USE:**

To be used only in the formulation of a pesticide product which is registered under the Pest Control Products Act. Formulators are responsible for their own registrations under the Pest Control Products Act.

**STORAGE:**

DO NOT USE OR STORE CONCENTRATE NEAR HEAT OR OPEN FLAME.  
DO NOT USE IN CONTACT WITH BRASS, BRONZE OR COPPER.

**ENVIRONMENTAL HAZARD:**

ACQ-C2 Technical is a copper concentrate. Copper is toxic to aquatic organisms. Do not flush liquid wastes into streams or other surface water.

**DISPOSAL/DECONTAMINATION:**

Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For additional details and information on cleanup of spills, contact the provincial regulatory agency or the manufacturer.

**NOTICE TO USER:**

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
