General Directions: SHAKE CONTAINER WELL BEFORE USING. Remove protective cap and gently insert the extension tube into the spray nozzle before using. This product is designed for applying into cracks, crevices, or tight areas that are difficult to reach. Thorough applications produce a coating which will vapourize into cracks and crevices for insect control.

Indoor Use: For the control of ants indoors, spray directly into cracks and crevices particularly under baseboards where these pests like to go. Spray into hard to reach places, behind refrigerators, washers, under sinks, between cabinets, under counters and other places where these pests hide, such as around door and window frames. Do not spray this product in areas where it can be mopped away.

Outdoor Use: For the control of ants outdoors, gently insert (the wand or application wand or the extension tube) as far as possible into cracks and crevices in driveways, patios, sidewalks, or interlocking brick where ants hide. (Pull or Push or Depress (trigger or nozzle) and allow foam to fill the area. Stop spraying when the foam comes back out the crack or crevice. For best results, treat all cracks and crevices in the area where ants are found.

KEEP PETS AND CHILDREN AWAY UNTIL RESIDUE IS DRY.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin, or clothing. DO NOT USE ON HUMANS, PLANTS, ANIMALS, FOOD STUFF, FOOD UTENSILS, FISHBOWLS OR ANIMAL FEED AREAS. DO NOT USE AS A SPACE SPRAY. Do not use in areas where food is handled, prepared or stored. Remove or cover all exposed foods and cooking utensils before spraying. May cause skin and/or eye irritation. Product is very toxic to fish. Do not contaminate water by improper use or disposal. Contents under pressure. Do not place in hot water or near radiators, stove or other sources of heat, or store at temperatures over 50°C.

FIRST AID: IF ON SKIN OR CLOTHING, Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. IF IN EYES, Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. IF SWALLOWED, Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. IF INHALED, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: This product contains petroleum distillate. Vomiting may cause aspiration pneumonia. Treat symptomatically.

DISPOSAL: When container is empty, press button to release all pressure. Do not re-use. Do not throw into fire. Wrap in newspaper and then discard in household garbage.
