Back Label

Hartz® UltraGuard® Rid Flea & Tick® Dog Shampoo

PRECAUTIONS:

HUMANS: CAUTION: Causes moderate eye irritation. Do not get in eyes or on clothing. After handling or applying, wash hands (or any other skin that came into contact with the product) with soap and water. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

PETS:

Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing animals. Sensitivities may occur after using any pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Rinse the dog thoroughly with water to remove all traces of shampoo. Avoid contact with dog's mouth, face, eyes and genitals. Do NOT allow the dog to lick the suds from the coat or ingest any of the shampoo.

ENVIRONMENTAL HAZARDS: Toxic to aquatic organisms. This product is highly toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when cleaning equipment or disposing of equipment wash-waters or rinsate. Drift and run-off may be hazardous to aquatic organisms in water adjacent to treated areas.

FIRST AID

IF IN EYES •Hold eye open and rinse slowly and gently with water for 15-20 minutes.

•Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

•Call a poison control center or doctor for treatment advice.

IF SWALLOWED •Call poison control center or doctor immediately for treatment advice. •Have person sip a glass of water if able to swallow. •Do not induce vomiting unless told to do so by the poison control center or doctor. •Do not give anything by mouth to an unconscious person.

HOT LINE NUMBER: Have the product container or label with you when calling a poison control center, doctor or veterinarian, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-275-1414, twenty-four (24) hours per day, seven (7) days per week.

DIRECTIONS FOR USE

READ ENTIRE LABEL BEFORE EACH USE

Do not use in food handling, storage or preparation areas while food is present.

RETAIN PACKAGING INFORMATION FOR FUTURE REFERENCE.

• Apply this product only as specified on this label. • Do not contaminate food or feedstuffs.

• Except when applying directly to pets, do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Care should be taken to prevent exposure of other pets that may be in close contact with the treated animal.

FOR USE ONLY ON DOGS.

Do NOT use on puppies less than 6 months of age. **Do NOT use on cats or kittens.** Use caution when applying to young or small dogs as they may be more sensitive to pesticide products.

1. Do NOT administer by mouth.
2. Wet dog's coat thoroughly with water
3. Use 15 mL of shampoo per 6.8 kg of body weight (2.2 mL of shampoo/kg of body weight) and rub shampoo into coat starting with head
4. Keep out of pet's eyes
5. Work backward from head to tail until coat is completely covered with foamy lather. Pay special attention to neck, hindquarters, areas under legs, around the tail and between toes. Do NOT treat eyes, face or genitals of the dog.
6. Let stand or continue to massage in for 5 minutes.
7. Rinse thoroughly to remove all traces of shampoo from the dog's coat.
8. Do not use this shampoo more often than once every week. Treatment must be repeated only if the pest problem reoccurs. Do NOT use solely as a shampoo when there is no pest problem.

Consult a veterinarian before using on sick, aged, pregnant or nursing animals or animals receiving drug or other pesticide treatment.

For effective flea and tick control, treatment of the pet should be combined with sanitation of any area used by the pet. Vacuum floors, carpets and furniture (discard vacuum bag after use) and wash the pet's bedding, living quarters and surrounding areas. If pest problems persist, an insecticidal treatment of the premises may be required. A veterinarian should be consulted when flea infestation continues to be a problem on the pet.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store this product in a cool, dry place that is inaccessible to children.

Pesticide Disposal:

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Disposal:** Non-refillable container. Do not reuse or refill this container. **If empty:** Offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain
