**Hydrogen Peroxide and PAA 3/21%**  
**FOR MANUFACTURING, FORMULATION OR REPACKAGING**  
**Slimicide**  
**SOLUTION**

ACTIVE INGREDIENT:  
Hydrogen Peroxide ----- 3.65%  
Peroxyacetic Acid ----- 21.0%

**REGISTRATION NO. 33139 PEST CONTROL PRODUCTS ACT**

DANGER

POISON

[HAND WITHIN OCTAGON]  
CORROSIVE

CORROSIVE TO EYES AND SKIN

**PREVENT ACCESS BY UNAUTHORIZED PERSONNEL**

READ THE LABEL BEFORE USING

**Ecolab Inc.**  
**1 Ecolab Place**  
**St. Paul, MN 55102**

**Tel: 1-800-352-3526**

Net Contents: 15 L to Bulk

## **DIRECTIONS FOR USE:**

To be used only in the manufacture, formulation or repackaging of a pesticide, which is registered under the *Pest Control Products Act*.

## **PRECAUTIONS**

### **PREVENT ACCESS BY UNAUTHORIZED PERSONNEL**

Ensure that peroxyacetic acid and hydrogen peroxide air concentrations in the workplace do not exceed exposure levels established by Occupational Health and Safety Authorities in your jurisdiction (e.g. engineering controls, monitoring). If values exceed these levels, wear NIOSH approved respiratory protection.

### **DANGER**

Corrosive to eyes and skin. Causes eye and skin damage. Fatal or poisonous if swallowed. May be harmful if absorbed through the skin. May be fatal if inhaled. **DO NOT** get in eyes on skin or on clothing. Causes irritation of the respiratory tract. Wear goggles or face shield, protective coveralls, boots and chemical resistant gloves while transferring/handling the product. Wash thoroughly with soap and water after handling. **DO NOT** breathe vapor. Handle product in a well-ventilated area.

### **PHYSICAL OR CHEMICAL HAZARDS**

Strong oxidizing agent. Mix only with water. Hydrogen Peroxide and PAA 3/21% is not combustible; however at temperatures exceeding 69 deg C decomposition occurs releasing oxygen. The oxygen released could initiate or promote combustion of other materials.

### **FIRST AID**

**If Swallowed:** Call a poison control Centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to

do so by a poison control Centre or doctor. Do not give anything by mouth to an unconscious person.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control Centre or doctor for further treatment advice.

**If in Eyes:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control Centre or doctor for treatment advice.

**If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

### **ENVIRONMENTAL PRECAUTIONS**

Toxic to aquatic organisms. **DO NOT** discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters.

## **TOXICOLOGICAL INFORMATION**

Probable mucosal damage may contraindicate the use of gastric lavage. Treat symptomatically. Aspiration may cause lung damage.

## **STORAGE:**

**Never return Hydrogen Peroxide and PAA 3/21% to the original container after it has been removed.** Avoid all contaminants, especially dirt, caustic reducing agents and metals. Contamination and impurities will reduce shelf life. In case of decomposition isolate container, do use container with cool water and dilute Hydrogen Peroxide and PAA 3/21% with large volumes of water. Avoid damage to container. Keep container closed at all times when not in use. Keep container out of direct sunlight. To maintain product quality store at temperatures below 30 deg C. Do not store on wooden pallets.

## **PROCEDURE FOR LEAK OR SPILL**

Stop leak if this can be done without risk. Shut off ignition sources; no flames, smoking flares or spark producing tools. Keep combustible and organic materials away. Flush spilled material with large quantities of water. Undiluted material should not enter confined spaces.

## **DISPOSAL:**

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills, contact the manufacturer or the provincial regulatory agency.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
