1-800-558-5566

SC Johnson, A Family Company

**DIRECTIONS FOR USE:**

Use one OFF! PowerPad Mosquito Lamp 2 per (4.5m x 4.5m area) (20.25 m<sup>2</sup> area). For outdoor use only. Do not use in a tent or enclosed area. DO NOT contaminate aquatic habitats by disposal of waste.

*[These directions for use will be used when the product is sold as a Starter unit.]*

- a. Locate lock tabs on unit base, press to release and lower frame.
- b. Remove enclosed contents. Firmly press candle cup onto base post.
- c. Light Candle.
- d. Remove repellent pad from package being careful not to cut, bend or alter pad shape. Insert Off!® Power Pad® into middle slot on top.
- e. Raise frame base and snap into place.
- f. Move lamp only when cool and not in use. To avoid fire hazard, do not place pads, matches, or other foreign matter on or in candle cup. When finished using, carefully remove frame base and blow out candle. Pad is designed to last as long as candle.

To Replace Pad/Candle Combination: When candle is used up (and will not relight), replace both candle and pad.

- Remove lamp top.
- Make sure flame is extinguished and lamp is cool before changing pad.
- Pull out used pad and slide in new pad. Remove used candle cup and firmly press new candle cup with fresh candle onto base post. To avoid fire hazard, use only OFF!® Candles in lamp.
- Light candle. Raise frame base and snap into place. Avoid contamination of food.

*[Note: These directions will be used when product is sold as a Refill unit.]*

To replace pad/candle combination:

Pads are designed to release repellent when heated by candle. When candle is used (up and will not relight), replace both candle and pad. Avoid contamination of food.

- Detach unit top from base.
- Make sure flame is extinguished and unit is cool before changing pad.
- Remove used pad from top of unit.
- Remove new repellent pad from packaging being careful not to cut, bend, or alter pad shape.
- Gently slide narrow end of pad into slot in top of unit.
- Important: Remove used candle cup and firmly press new candle cup with fresh candle onto base post.
- Light candle. Reattach unit top and base.
- Do not place repellent pad or matches on or in candle cup.

**PRECAUTIONS:** KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed or absorbed through the skin. Harmful if directly inhaled. Avoid contacting skin, eye or clothing with treated pad. Do not use indoors, in a tent or enclosed areas. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Use away from food, beverages and pet food.

Place on level, stable surfaces. Do not cover lamp top with any foreign material while in use. Before lighting candle, make sure wick is trimmed to 6mm. To avoid fire hazard do not place pads, matches or other foreign matter near candle flame. Never cut bend or alter shape of pad. Pads may cause staining – avoid contact with other surfaces. Only adults are permitted to replace

the pad. Do not place this product near combustible materials such as dry vegetation, clothing, or fuels. NEVER BURN CANDLE UNATTENDED. Failure to follow these instructions could result in personal injury or property damage. Do not use anything other than OFF!® PowerPad® Refills and candles in the unit.

**ENVIRONMENTAL PRECAUTIONS:** Toxic to aquatic organisms. Do not apply directly to water.

**FIRST AID: If on skin or clothing:** If treated pad touches skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

**If swallowed:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**If directly inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Direct exposure to treated pad may cause transient sensation (tingling/burning/itching, numbness). Treat symptomatically.

**STORAGE:** Prolonged storage of pads in outdoor conditions may decrease effectiveness. Store unused pad out of reach of children and pets. To prevent contamination store this product away from food or feed.

**DISPOSAL:** DO NOT reuse the empty containers. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

Helpful Hints [one or more to be chosen from list below]

Repellency is not immediate

Allow time for candle to heat mosquito repellent pad

High humidity may increase time before repellent is released

Pads are designed to release repellent when heated by candle

Pad colour will change during use

Do not change pad until candle is used up

When candle is used-up (and will not relight), replace both candle and pad

Expect a small amount of wax to remain in bottom of candle cup

Change candle and pad at same time

Pad is designed to last as long as the candle

It is normal for the pad to emit some smoke when product is in use

Be sure to wash hands after handling

(For maximum repellency) place product upwind

Gently slide narrow end of pad into slot in top of unit

<<Optional Logos>>

- Contains Bitrex  
Bitrex is a trademark of Macfarlan Smith, Ltd.  
PAD IS DESIGNED TO TASTE BITTER TO HELP PREVENT INGESTION. BE SURE TO WASH HANDS AFTER HANDLING.
