Net Contents: 1 LITRE

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Do not mix with any other chemical. Harmful if swallowed. Avoid contact with skin and eyes.

DISPOSAL: Rinse container thoroughly before discarding. Do not re-use empty container. Wrap container and dispose of the empty container with the household garbage. For information on the disposal of unused, unwanted product, contact the manufacturer or provincial regulatory agency. Contact the manufacturer or provincial regulatory agency in case of a spill, and for clean-up of spills.

ENVIRONMENTAL HAZARDS: Toxic to aquatic organisms.

FIRST AID:

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

IN CASE OF EMERGENCY CALL: 1-800-654-6911

TOXICOLOGICAL INFORMATION: Treat symptomatically.

For best results, use with other HTH® pool care products.

For clear pool water, follow our 3 step pool care program:

Step 1: Chlorinate

Step 2: Shock Treat

Step 3: Prevent Algae

Note: It is recommended that water be balanced before following this 3-step process.

DIRECTIONS FOR USE:

1. Initial dosage for pool water having no visible algae is 70 mL of this product per 10,000 L of pool water.
2. Weekly maintenance dosage is 25 mL of this product per 10,000 L of pool water.
3. For pool water having visible algae, superchlorinate following label instructions of superchlorination product employed and wait at least 24 hours before adding weekly maintenance dosage.
4. For visible algae, when super-chlorination is not employed, add 100 mL of this product per 10,000 L of pool water.
