KEEP OUT OF REACH OF CHILDREN

NET CONTENTS
2 kg

LAWRASON'S INC.
460 Wycroft Road, Oakville, Ontario L6K 2G7
Tel: 905-842-8300

SIDE PANEL (ENGLISH)

Weight per Tablet: 15 g

DIRECTIONS FOR USE:

WARNING: Direct tablet contact may cause bleaching of spa surfaces. Automatic feeding devices employing these tablets must be totally free from traces of other spa sanitizers to avoid the probability of an explosion.

Maintain recommended daily levels as determined by testing kit.

Free available chlorine: 3.0 - 5.0 ppm; pH: 7.2 - 7.8; Total alkalinity: 125 - 150 ppm; Calcium hardness: 150 - 200 ppm.

For chlorination, CLEAR SPA MINI PUCKS should be added to an automatic chlorinator, floating chlorine feeder or spa skimmer to maintain the proper chlorine residual. Maintain proper chlorine residual by adding 10 g of CLEAR SPA MINI PUCKS per 1,000 L of spa water, daily or as needed. Maintain water circulation at least 1 hour before using. Periodic superchlorination of spa water is recommended. Follow label instructions of superchlorination product being employed.

NOTE: Hot weather, heavy spa usage, and the use of spa bubblers may require higher usage rates to maintain proper chlorine residuals. Persistent foam formation, turbid, or malodorous water are indicators of inadequate sanitizer levels. For proper sanitation, spa must be completely drained periodically. The number of days between complete spa drainage is equal to the volume of spa water in litres divided by 10 times the maximum number of daily spa users. Refill spa with water and repeat directions for use. Maximum spa water usage temperature is 40°C. Duration in spa water at 40°C should not exceed 15 minutes.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN. Dangerous gas formed when mixed with acid. Do not mix with any other chemical. Strong oxidizing agent. It is recommended to wear rubber gloves when handling this product. May cause fire or explosion if contaminated. Avoid contact with skin and eyes. Harmful if swallowed. Keep container closed and store in a cool, dry location.

DISPOSAL: Do not re-use empty container. Rinse container thoroughly before discarding. Wrap and dispose of empty container with household garbage. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

FIRST AID

IF IN EYES, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. IF ON SKIN OR CLOTHING, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. IF SWALLOWED, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Treat symptomatically.
