DIRECTIONS FOR USE:

FOR USE AROUND HOMES (to kill deer ticks): Spray grassy areas around yard borders thoroughly, contacting as many pests as possible on upper and lower leaf surfaces, to kill ticks that may carry Lyme disease. Spraying should begin when the pests first appear. Do not wait until the plants are heavily infested.

ON PREMISES (to kill cat and dog fleas, brown dog ticks and American dog ticks): Thoroughly spray infested areas, pet beds, resting quarters, nearby cracks and crevices, along and behind baseboards, mouldings, window and door frames, and localized areas of floor and floor covering. Fresh bedding should be placed in animal quarters following treatment. Concurrent treatment of animals is recommended. Treatment must only be repeated if pest problem reoccurs.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Avoid breathing spray mist. Avoid contact with skin, eyes and clothing. Harmful if swallowed, inhaled or absorbed through skin. Not for use on humans. After handling or applying, wash hands (or any other skin that came into contact with the product) with soap and water. Avoid product contact with food, food utensils or places where food is prepared or stored. Any treated surface that may contact food products should be washed and rinsed thoroughly with potable water after spraying. In homes or dwellings, remove or cover all exposed foods and cooking utensils before spraying. Toxic to birds. Toxic to fish and other aquatic life. Remove pets and birds, and cover fish aquaria in vicinity of treatment area before spraying. Wash contaminated clothing before reuse. Keep from freezing. **CONTENTS UNDER PRESSURE.** Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture or incinerate can or store at temperatures over 50°C.

STORAGE: Store away from feed and food.

ENVIRONMENTAL HAZARDS: Do not contaminate any body of water. Highly toxic to crabs, fish and shrimp. Harmful to wildlife if allowed to contaminate lakes and streams.

FIRST AID: If in eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: Do not reuse empty container. Discard empty container with household garbage.

Optional Statements for Primary or Secondary Panels:
