DIRECTIONS FOR USE:

Before application, shake container for a few seconds. For crack and crevice use, remove protective cap and insert the extension tube into the spray nozzle.

INDOOR USE: Spray an even layer to the areas where these pests are found or may hide such as cracks and crevices, behind and beneath stoves, refrigerators, sinks, cabinets, baseboards, garbage cans, around pipes and drains, window frames and in attics and basements. Hit insects directly where possible. Repeat treatment as necessary.

OUTDOOR USE: Spray an even layer to the areas where these pests are found or may hide including patios, windows, door frames and sills, outside of entrance ways, around foundations, and along ant trails. Repeat treatment as necessary.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Do not use in presence of open flame or spark or while smoking. CONTENTS UNDER PRESSURE. Container may explode if heated. Do not expose to temperature above 50°C /122°F. Avoid breathing dust and vapours. Avoid contact with eyes, skin or clothing. Use adequate ventilation when handling, during application, and clean-up activities. When used indoors in residential settings, do not apply in the immediate vicinity of people or pets. Wash hands after use. Do not use as a general space spray.

DISPOSAL:

When container is empty, press the valve to release all remaining pressure, then dispose of the empty container in accordance with provincial requirements. Do not puncture or incinerate.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. **Do not** give **any** liquid to the person. Do not give anything by mouth to an unconscious person. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take the container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically. Contains petroleum distillate - vomiting may cause aspiration pneumonia.
