Manufacturing Concentrate

FOR MANUFACTURING PURPOSES ONLY

WARNING (SKULL & CROSSBONES) POISON

GUARANTEE: Diphacinone (present as sodium salt).....0.106%
2-Diphenylacetyl-1,3-indandione

**KEEP OUT OF REACH OF CHILDREN
AND PREVENT ACCESS BY UNAUTHORIZED PERSONNEL**

FIRST AID:

If in eyes: hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If on skin or clothing: take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If Inhaled: move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If swallowed: call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. For all cases of human ingestion, immediately notify a physician or poison control centre. If a pet or livestock poisoning is suspected, immediately contact a veterinarian. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

PRECAUTIONS:

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. May be harmful or fatal if swallowed or absorbed through the skin. Chemical-resistant gloves must be worn when handling product and empty containers. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Wash skin thoroughly with soap and water after handling. Wash contaminated clothing, separately from other laundry, with soap and hot water before reuse. **KEEP AWAY FROM FEED AND FOODSTUFF.**

All handlers must wear long-sleeved shirt and long pants, shoes plus socks, and chemical-resistant gloves. Wear a NIOSH-approved particulate-filter respirator and protective eye wear while pouring and mixing the concentrate with bait.

ENVIRONMENTALHAZARDS:

This product is toxic to fish and wildlife. Keep out of lakes, streams, or ponds.

TOXICOLOGICAL INFORMATION:

If swallowed, absorbed or inhaled by humans, domestic animals or pets, this material may reduce clotting ability of the blood and cause bleeding. Vitamin K1 in the form of intramuscular or subcutaneous injections, or by oral ingestion are suggested remedial treatments for anticoagulant poisoning. The severity of the case, measured by establishing prolonged prothrombin times (P.T.), will determine appropriate therapy. Monitoring P.T. will indicate the necessity of repeated treatments.

DIRECTIONS FOR USE:

To be used only in the manufacture of a rodenticide which is registered under the Pest Control Products Act. Users should remove clothing immediately if pesticide gets inside. Then wash skin thoroughly and put on clean clothing.

STORAGE:

Do not contaminate water, food or feed by storage or disposal. Store in a cool, dry place away from other chemicals and food or feed. Store product not in use, in original container, in a secure location inaccessible to children and non-target animals.

DISPOSAL:

Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For more information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
