EMERGENCY CONTACT (24 HOURS), PHONE CANUTEC: (613) 966-6666

FIRST AID:

If swallowed call a poison control centre or doctor IMMEDIATELY for treatment advice. Have person sip a glass of water if able to swallow. Do NOT induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing take off contaminated clothing. Rinse skin IMMEDIATELY with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: This product may produce a sensitization response or allergic reaction in some individuals. Treat symptomatically.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

POTENTIAL SKIN SENSITIZER.

DO NOT FLUSH INTO SURFACE STREAMS

Corrosive to eyes and skin. Avoid ingestion, inhalation and contact with skin, eyes and clothing. Wear goggles or a face shield, chemical resistant gloves, long pants, a long sleeved-shirt, shoes and socks during mixing/loading, clean

STORAGE: Keep container closed. Store in a cool, dry, well ventilated area away from heat and open flames. Do not contaminate water, food or feed by storage. Open dumping is prohibited.

DISPOSAL: 1. Triple- or pressure-rinse the empty container. Add rinsings to the treatment site. 2. Follow the provincial instructions for any required additional cleaning of the container prior to its disposal. 3. Make the empty container unsuitable for further use. 4. Dispose of the container in accordance with provincial requirements. 5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

work activity. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product.

DIRECTIONS FOR USE- Do not apply by open pouring of the liquid to cooling water system, use a metering pump.

Oilfield Applications – Inject EZ GUARD 2K7 LIQUID BIOCIDES continuously at 100 ppm active ingredient based on water content of system until control is achieved. Maintenance dosage 10-25 ppm.

Paper Mills – EZ GUARD 2K7 LIQUID BIOCIDES should be used at 0.6-1.0 kg per tonne of dry paper produced at least once per day.

Heat Exchangers, Cooling Towers, Condensers, Air Washers- Pre-clean heavily fouled systems (eg with Chlorine). Shock dosages of EZ GUARD 2K7 LIQUID BIOCIDES at 100 ppm active ingredient based on water content of the system. Maintenance dosage 10-25 ppm.

Pasteurizer Cooling Water Systems – Avoid contamination of food in application of the product. Shock dosages of EZ GUARD 2K7 LIQUID BIOCIDES at 100 ppm active ingredient should be added to the closed recirculating system at a convenience point of uniform mixing, such as a basin sump area or other reservoir from which the treated water will be circulated uniformly throughout the pasteurizer cooling system. Maintenance dosage 10-25 ppm. Not for use in potable water systems.

Metal Working Fluids –EZ GUARD 2K7LIQUID BIOCIDES should be injected at 5-10 kg per 10,000 liters of system volume.

Preservative – EZ GUARD 2K7 LIQUID BIOCIDES should be used at the rate of 0.1-0.5% for bacterial control in Latex Emulsions, Polymer Lattices and Adhesives.

STORAGE: Keep container closed. Store in a cool, dry, well ventilated area away from heat and open flames. Do not contaminate water, food or feed by storage. Open dumping is prohibited.

DISPOSAL: 1. Triple- or pressure-rinse the empty container. Add rinsings to the treatment site. 2. Follow the provincial instructions for any required additional cleaning of the container prior to its disposal. 3. Make the empty container unsuitable for further use. 4. Dispose of the container in accordance with provincial requirements. 5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.
