Existens Fruit Tree Fungicide Ready to Use is a liquid formulation containing garlic powder as the active ingredient. **Existens Fruit Tree Fungicide Ready to Use** suppresses causal agents of scab in apple, crab apple and pear trees and powdery mildew in grapevines (including ornamental grapevines). Repeat applications and thorough coverage of target foliage are required to maintain disease protection.

DIRECTIONS FOR USE:

Avoid application of this product when winds are gusty.
Use a small backpack or hand held sprayer to apply **Existens Fruit Tree Fungicide Ready to Use**. 1 L of **Existens Fruit Tree Fungicide Ready to Use** will cover 4 square meters of foliage. Ensure thorough coverage of the target foliage but not to the point of excessive run-off. Agitate to maintain suspension. Avoid application when significant rainfall is imminent. Subsequent applications may be made every 7-14 days if symptoms persist.

The pre-harvest interval (PHI) is 0 (zero) day.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN.

Avoid breathing spray mists.
May cause sensitization. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

Individuals who are sensitive or allergic to garlic should avoid handling the product. Individuals who are sensitive or allergic to garlic should avoid treated areas until dry or after a heavy rain.

Apply only when the potential for drift is minimal.

FIRST AID:

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

STORAGE:

Store in the original container, at temperatures between 4° C and 25° C. Storage at cooler temperatures is preferred. Store container upright and keep tightly closed when not in use. After extended storage, shake or stir contents to assure a uniform suspension. The product should be used within 12 months of the date of manufacture. To prevent contamination, store this product away from food or feed.

DISPOSAL:

Do not reuse empty container. Dispose of empty container with household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
