## **DIRECTIONS FOR USE:**

Pyrethione 40 MUP is sold for use in manufacturing formulations registered under the *Pest Control Products Act*. Formulators are responsible for their own registration of the formulated pest control products.

## **PRECAUTIONS:**

### **PREVENT ACCESS BY UNAUTHORIZED PERSONNEL**

Danger: Corrosive to eyes. Do not get in eyes. Harmful if swallowed, inhaled or absorbed through the skin. Avoid contact of the concentrate with skin. Wear goggles or face shield and coveralls during all activities involving use of this product. Wear chemical resistant gloves when handling the concentrate, and during cleanup and repair activities. Use only in well ventilated areas. Store and wash all protective clothing separately from normal laundry.

## **FIRST AID:**

**If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15- 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**If on skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15- 20 minutes. Call a poison control center or doctor for treatment advice.

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth- to- mouth, if possible. Call a poison control center or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

## **TOXICOLOGICAL INFORMATION:**

Convulsions, if persistent, may be controlled by careful intravenous use of short-acting barbiturates.

## **STORAGE:**

Do not store above 55 °C (130 °F). Keep container tightly closed when not in use. Do not store with strong oxidizing agents.

## **DISPOSAL:**

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean-up of spills, contact the manufacturer or the provincial regulatory agency.

## **NOTICE TO USERS**

This control product is to be used only in accordance with the directions on this label. It is an offense under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
