NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.

PRECAUTIONS

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL.

Strictly observe all precautions for handling and using pesticides. May irritate the skin. Avoid contact with skin, eyes and clothing. Do not contaminate food, feed or watersupplies. Workers using this product in an open system must wear protective clothing: safety boots, coveralls, impervious gloves, safety glasses/face shield, cartridge-type respirator and hat. Prevent eating, drinking, tobacco usage, and cosmetic application in areas where there is a potential for exposure to the material. Always wash thoroughly after handling.

ENVIRONMENTAL PRECAUTIONS

Toxic to aquatic organisms

FIRST AID

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

If swallowed, Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

TOXICOLOGICAL INFORMATION

There is no specific antidote, if this product is ingested. Treat symptomatically. If a large amount has been ingested and emesis is inadequate, lavage stomach.

An aqueous suspension of activated charcoal can be administered to absorb remaining toxicant.

STORAGE

Store in original containers in a well-ventilated, cool, dry, and secure area. Ship and store away from food, feed or seed. Keep containers tightly closed.

DISPOSAL

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and information on clean-up of spills, contact the manufacturer or the provincial regulatory agency.
