For industrial use only as a preservative intended to protect liquid laundry detergents, fabric softeners, all-purpose cleaners, car polish, tire shine, dishwashing liquid, stain removers, and wet wipes.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Corrosive to the eye. Causes skin irritation. Harmful if inhaled. Avoid inhaling sprays and vapors. Do not get in eyes, on skin or on clothing. Wear coveralls over a long-sleeved shirt, long pants, chemical-resistant gloves, socks, chemical-resistant footwear, and a full-face respirator with a NIOSH-approved organic-vapour-removing cartridge with a prefilter approved for pesticides, or a NIOSH-approved canister approved for pesticides during mixing, loading, application, clean-up and repair. Avoid contamination of food. Do not reuse container. Destroy when empty.

ENVIRONMENTAL PRECAUTIONS: Toxic to aquatic organisms. DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters.

DIRECTIONS FOR USE:

Troyguard B20F is an effective preservative for most aqueous applications.

Troyguard B20F is suggested for use in aqueous or water-containing products and systems to control growth of bacteria and fungi.

Use rate is 0.05 – 0.25% wt/wt of Troyguard B20F in the finished product. For example, use 0.5 – 2.5 kg of Troyguard B20F per 1000 kg of finished product.

FIRST AID:

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing the eye. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible. Call a poison control centre or doctor for further treatment advice.

IF ON SKIN/CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed. Treat symptomatically.

STORAGE: Protect from frost: If frozen, allow to thaw, stir well before use.

DISPOSAL:

1. Triple or pressure rinse the empty container thoroughly and add the rinsings to treatment site.
2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product, contact the provincial regulatory agency or the manufacturer. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.
