DIRECTION FOR USE: This product can be used to (control damage caused by) (discourage entry) (repel) (discourage) (skunks), (dogs), (cats), (rabbits), (raccoons), (beavers), (mice), (rats), (deer), (squirrels), (voles), (porcupines), (some types of granivorous birds), (fruit eating birds) and (carrion crows). Generously apply to dry surfaces. Do not apply on rainy or windy days. Spray on (bark of trees), (bushes), (ornamental plants), (ornamental flowers), (bulbs), (siding), (fences), (posts), (garbage), (places visited by undesirable animals). Spray all surface to be protected until completely wet. Allow to dry before handling or re-applying. For additional protection, a second application may be necessary. Do not dilute! Do not mix with other chemicals! (This product penetrates the bark of the trees and the outer layer of plants and flowers.) The repellent remains intact and withstands outside elements. Annual re-application is advised. Before using on painted surfaces, test a small area to determine whether this product's ingredients will damage the paint. Do the same with plastics and fabrics. If in doubt, test first! Store this product in cooler areas away from heat.

Do not freeze!

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid contact with eyes, skin, food and clothing. Abstain from tasting. The taste is extremely bitter and really unpleasant. Never use on food, edible plants or directly on the fruit or nuts of trees. Do not use on sugar maple trees, if sap is to be used, since the product could affect the taste of the maple syrup. This product has not proven to be harmful to plants when used as directed, but as an added precaution a test should be made before applying. Do not smoke or eat while applying. Wash hands thoroughly after use. Wear chemical resistant gloves when handling product or contaminated equipment. Do not enter treated area until spray has dried. For outdoor use only.

FIRST AID: If repellent gets in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: treat symptomatically

DISPOSAL: Do not reuse empty container. Wrap empty container and discard in household garbage
