(Peel-back Inner Label)

DIRECTIONS: This liquid formulation stimulates root growth on softwood and hardwood cuttings. The fungicide in this product protects against soil borne diseases, caused by *Pythium*.

Dip cutting about 15 mm into this product. Immediately stick it into a suitable moistened rooting medium like peat moss, vermiculite, perlite, sand, etc.

Hardwood cuttings benefit by wounding with several shallow cuts through the bark near the base.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid contact with eyes and skin. Wash with soap and water after use. For use only as a garden rooting liquid. Keep tightly closed. Prevent freezing.

FIRST AID: On Skin, scrub with soap & water. **In Eye**, flush with water for 20 min. If skin or eye irritation develops/persists, call poison centre or doctor. **Swallowed**, avoid vomiting, call poison centre or doctor.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: Do not reuse empty container. Wrap and dispose of empty container with household garbage.

For additional product information or in case of emergency, spills or fire, call toll-free 1-800-268-2806.
