[ORTHO® ANT B GON MAX™ ANT KILLER GRANULES] [OPTIONAL]

DIRECTIONS FOR USE:

Ortho® Ant B Gon Max™ Ant Killer Granules will kill ants and may be applied in the following outdoor areas: around buildings, decks, patios, pathways and driveways. Apply in areas that are protected from direct sunlight, if possible. For heavy infestations use the higher rate as listed in the instructions for specific application methods. Treatment must only be repeated after 7 days if pest problem persists or reoccurs. Users should test (treat) a small, inconspicuous area first to ensure there are no adverse effects such as staining or discolouration.

Use Limitations

FOR OUTDOOR USE ONLY. **DO NOT** use inside buildings. **DO NOT** apply when people or pets are present. **DO NOT** allow people or pets to enter treated areas until product has dried (drench application) or until granules have settled. **DO NOT** apply to surfaces that may come into contact with food/feed. Cover or remove all food/feed. Cover all food/feed processing surfaces, equipment and utensils or thoroughly wash them following treatment. Any food/feed accidentally contaminated with this product must be discarded. **DO NOT** apply to any body of water. **DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. Avoid application of this product when winds are gusty.

How to Apply

APPLY AS AN OUTDOOR PERIMETER OR STRUCTURAL BROADCAST TREATMENT ONLY. Perimeter application is 1 m or less out from the building's foundation and to a maximum height of 1 m starting where the foundation meets the ground. Broadcast application is to large outdoor structural surfaces (decks, patios, pathways and driveways).

Outdoor Perimeter Treatment: Scatter granules at a rate of 10-15 g/m² (2-3 level teaspoons/m²) in a 30 cm wide band around the foundations of buildings. Apply in early morning.

Broadcast Treatment: Scatter granules at a rate of 10-15 g/m² (2-3 level teaspoons/m²) on ant runs, around nests, hills, mounds and other ant-frequented areas on decks, patios, pathways and driveways. Apply in early morning.

Drench application to ant nests: Dissolve 20-50 g (4-10 level teaspoons) of granules in 1 L water and apply to a 1 m² area around ant nest entrances. This method of treatment is most

2023-1954
2023-02-15

effective in the evening or early morning when ants are in the nest.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN.

ENVIRONMENTAL PRECAUTIONS:

Toxic to aquatic organisms. Toxic to bees. However, this product is not systemic and when used according to label directions, minimal exposure or risk is expected. Toxic to beneficial arthropods (which may include predatory and parasitic insects, spiders, and mites). Minimize exposure to non-target areas.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

FIRST AID:

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If**

swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

STORAGE:

Store this product away from food or feed.

DISPOSAL:

DO NOT reuse the empty containers. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.
