Care Plus Insect Repellent Icaridin 20% provides long-lasting, 12-hour effective protection from mosquitoes and ticks, and 10-hour protection from black flies. Not oily, greasy or sticky. Will not damage fishing lines, plastic or other synthetic materials.

DIRECTIONS FOR USE: Hold 15 to 20cm from skin while spraying, keeping nozzle pointed away from face. Slightly moisten skin with a slow sweeping motion. Apply sparingly, not under clothing and only when necessary. Do not apply directly to face or to excessively sunburned skin.

TO APPLY TO FACE: Spray hands and apply avoiding eyes and mouth. Apply sparingly around ears. Do not spray in enclosed spaces. Reapply if necessary after 12 hours for protection from mosquitoes and ticks, and 10 hours for protection from black flies.

PRECAUTIONS: Supervise applications on children. Do not apply to the hands of smaller children. Do not use on infants under 6 months of age. Causes moderate eye irritation. Avoid contact with eyes, mouth, cuts, wounds or irritated skin. Flammable, do not store near heat sources, sparks or open flame. Do not smoke while applying.

FIRST AID: If in eyes: Hold eye open and rinse gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If swallowed: Call a physician or poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

STORAGE: Store in a cool, dry place out of the reach of children. Keep away from heat, sparks and open flame.

DISPOSAL: Do not re-use empty container. Wrap and dispose of empty container with household garbage.
