DIRECTIONS FOR USE:

FOR USE IN RECIRCULATING COOLING WATER SYSTEMS:

This product degrades with age. Use a chlorine test kit and increase dosage as necessary to obtain the required level of available chlorine. For the control of Bacteria, Algae and Fungi, add this product to the lower basin, distribution box or some other point to insure uniform mixing. INITIAL DOSE: When the system is notably fouled, add 60 to 120g/1000L of water in the system to achieve 7.5 to 15.0 mg/L available chlorine by weight. Repeat until control is achieved. SUBSEQUENT DOSE: When microbial control is evident, apply 30 to 60 g/1000L of water in the system to achieve 3.25-7.50mg/L available chlorine by weight. Apply treatment weekly or as needed to maintain control. Badly fouled systems must be cleaned before treatment is begun. NOTE: The water in the systems treated with this product must not come into direct contact with food or beverage. Residual chemicals from the product on the exterior of the cans, bottles or other containers are effectively removed by potable water wash at discharge end.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

1) Dangerous gas formed when mixed with acid. 2) Do not mix with any other chemical. 3) Corrosive for eyes and for skin. Avoid contact with skin, eyes and clothing. 4) May be fatal if swallowed. 5) Do not re-enter treated area until two hours after spray or fogging application. 6) Wear goggles or a face shield, chemical-resistant gloves, long pants, a long sleeved shirt, shoes and socks when handling this product. 7) Immediately remove contaminated clothing and wash before reuse. 8) Avoid breathing vapor or mist or spray; use with adequate ventilation. 9) Wash thoroughly after handling. 10) Avoid contamination of food 11) Keep container closed and store in upright position in a cool dark location. 12) This product does not fear freezing.

FIRST AID: IF IN EYES; hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED; call IMMEDIATELY a poison control center or doctor for treatment advice. Have person sip glass water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING; Remove contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED; Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. Take: container, label, product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may contraindicate the use of gastric lavage. Treat symptomatically.

ENVIRONMENTAL PRECAUTIONS: This product is toxic to fish and other aquatic organisms. This registration is granted under the Pest Control Products Act and does not exempt the user from any other legislative requirements. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product. Use of this product and management of any resulting discharge or release of effluents containing this product must also be in accordance with the Fisheries Act and with any other applicable federal or provincial legislation. Consult with provincial regulatory authorities on any authorizations or other requirements for use of this product and management of any resulting discharge or release of effluents containing this product.**DISPOSAL:** 1) Triple- or pressure-rinse the empty container. Add the rinsing to the treatment site. 2) Follow provincial instructions for any required additional cleaning of the container prior to its disposal. 3) Make the empty container unsuitable for further use. 4) Dispose of the container in accordance with provincial requirements. 5) For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill and for the clean-up of spills.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
