BOSS products are used in several countries for the treatment of waste water from agricultural, municipal, recreational and residential.

Contains: Copper Sulfate (II) Pentahydrate, Sulfuric Acid.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Harmful if inhaled. Avoid inhaling/breathing smoke, fumes, or vapours. CORROSIVE to the eye. DO NOT get in eyes. Corrosive - causes severe skin burns. DO NOT get on skin. May cause dangerous fumes when mixed with other products. Do not mix with Alkali. Use in a well-ventilated area. Handle with care.

It is recommended to wear protective eyewear and rubber gloves when handling this product.

DO NOT apply this product in a way that will contact bystanders, either directly or indirectly.

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

FIRST AID:

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically

ENVIRONMENTAL PRECAUTIONS: Toxic to aquatic organisms.

DIRECTION FOR USE:

DO NOT apply to any body of water.

BASIC TREATMENT OF THE SEPTIC TANK: A container treats a septic tank with a capacity of 2200 to 3400 liters (575 to 900 gal). Every six (6) months, simply pour 250 mL (8 oz.) into the toilet bowl and activate the flush. The use of this product can eliminate the need to drain your tank.

REGULAR TREATMENT OF THE WEEPING FIELD: Every three (3) months, simply pour 250 mL (8 oz.) into the toilet bowl and activate the flush.

NOTE: Avoid contact with chrome. Do not use in combination with other products.

STORAGE: KEEP FROM FREEZING. Store this product away from food or feed. Do not store on concrete.

DISPOSAL: DO NOT reuse the empty containers. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

If Septi-Boss™ Septic Tank and Weeping Field Treatment does not perform to your expectation call us at 1 800 771-6728
