WAL-MART®  
**SPECIAL KITTY**  
**ANTI-BACTERIAL SCENTED**  
**TRADITIONAL CAT LITTER**

Clean, sanitary, absorbent ground clay, moisture-activated scenting agent.

WAL-MART Special Kitty Anti-bacterial Scented Traditional Cat Litter has superior absorbing power with the added power of a moisture-activated scent and an anti-bacterial agent to combat the growth of bacteria. This helps to keep your cat's sanitary tray extra dry and fresh. WAL-MART Special Kitty Anti-bacterial Scented Traditional Cat Litter absorbs moisture on contact and won't turn to mud.

WAL-MART Special Kitty Anti-bacterial Scented Traditional Cat Litter has special non-tracking qualities. Will not cling to paws or fur. Will not cause discoloration or coiling of linoleum or carpet.

**DIRECTIONS FOR USE:**

- Spread 8 cm (three inches) of absorbent uniformly in cat's tray.
- Remove solid waste once a day. For extra freshness, stir up litter at night.
- Absorbent should be replaced every 4 days.

**DISPOSAL:**

Dispose of clumps or used and unused cat litter in accordance with local regulations.

**PRECAUTIONS:**

Pregnant or nursing women and people with a suppressed immune system should note that a parasite found in cat feces can cause toxoplasmosis. They should exercise caution and consult a physician before handling a litter box. Always wash hands thoroughly after preparing or cleaning the litter box. For further information, consult your local public health office.

**WARNING:**

Do not flush cat litter in toilets or dispose of it outdoors in gutters or storm drains, or any other waste water system. Keep the litter away from food preparation.

**TOXICOLOGICAL INFORMATION:**

Treat Symptomatically

**CONTENTS:**

Ground Clay and Diatomaceous Earth, Moisture-Activated Scenting Agent  
Dust free – no more than 1% passes through a #100 mesh U.S. standard sieve.
